Soldier of Fortune magazine described the late Michael D Echanis as "one of the leading experts of hand-to-hand combat in the world". Before creating one of the most effective knife-defence systems in modern warfare, Echanis studied under the supreme grandmaster of hwa rang do, Joo Bang Lee, and specialised in un shin bup, the Korean counterpart to ninjutsu.

*The Oldest Trick in the Book* National Geographic Books

Long time skateboard artist Sean Cliver has put together this staggering survey of over 1000 skateboard graphics from the early 80s to the start of the 00s, creating an indispensable insiders history as he did so. Alongside his own history, Sean has assembled a wealth of recollections and stories from prominent artists and skateboarders such as Andy Howell, Barry McGee, Ed Templeton,

Steve Caballero, and Tony Hawk. The end result is a fascinating historical account of art in the skateboard subculture, as told by those directly involved with shaping its legendary creative face. Now, 10 years after its first printing, the graphics and stories within are as provocative as they day they were first conceived.

*Recipes for Disaster* Hachette UK

A complete introduction to the exciting world of roller derby including how to play the game, strategy, training, fitness and nutrition. Roller derby is a unique, fast-paced, female-dominated sport that is taking the world by storm. It originated in the USA in the 1930s but it is the revival that began in 2001 that has inspired this new book. Roller derby has become one of the world's fastest-growing new sports and there are now more than 1000 leagues worldwide - in the USA, Europe, Australia and New Zealand, Latin America and Asia - with new adherents coming to the sport all the time. As the popularity of roller derby has grown, the demand for information about the sport and how to

play it has grown too. As leagues become more experienced, and players more advance, tactics and game play have grown in sophistication. There are many online forums and social networking sites devoted to training, tactics, fitness and nutrition, but up till now, no single source which gathered all the information together. Chapters include: - An introduction to the game, its history and rules - How to play the game - strategy and tactics - Fitness requirements - strength, endurance, and plyometric exercises for balance - Training - practical training programmes both on and off skates - Nutrition - what to eat before and after training, meal suggestions and supplement - The female athlete - specific training advice for women - Profiles of well-known roller derby players who share their top tips in all the above categories The introduction has been written by Suzy Hotrod, one of roller derby's most renowned players and there is plentiful advice from many of the sports leading players.

"It's rad what I do." -Mike Blabac  
 Photo: The Art of Skateboarding  
 Photography is an stunning chronicle of a youth movement as seen through the lens of Mike Blabac, a man who is as dedicated to his craft as he is to the skateboarding lifestyle that inspired it. For millions of people around the world, skateboarding is more than a mere hobby or a sport-it's a way of life that has shaped everything from fashion and music, to videogames and art. Blabac Photo proves that point with 300 awe-inspiring images that communicate the stories and exploits of some of the most creative athletes to ever step on a skateboard including Eric Koston, Stevie Williams, Colin McKay, Rob Dyrdek, and Danny Way. As skateboarding evolved

over time, from a hobby for kids on the Venice boardwalk into a global culture, skate legends were born, records were broken, titans of industry materialized-and Mike Blabac was there to document the history of the movement as it developed before his eyes.

**Skateboarding** powerHouse Books  
 Now in a more compact format, *Back in the Day* is a timeless and nostalgic collection of photographs documenting the skateboarding scene in the 1970s. William Sharp began taking surfing photographs in southern California in the early seventies and was quickly drawn into the nascent skateboard scene, shooting friends emulating surfing moves on pavement. By 1975 he was brought in as a staff photographer for the magazine *Skateboard World*. During the next five years he documented the meteoric rise of the movement, capturing thousands of photographs along the way. *Back in the Day* features hundreds of Sharp's astounding photos from this era. The work is priceless, not only for its documentary value, but for the beautiful and poetic images captured and later developed by Sharp himself (many in black and white). Pipes in Arizona, aqueducts in California, pools all over the place, the locales and images must be seen to be believed. Ozzie Ausband signed on as an editor of the project, collecting present day quotes and assisting with the paring down of Sharp's massive photo archive. Sharp's epic photos are populated by the vanguard of the scene such as Tony Alva, Jay Adams, Jerry Valdez, Steve Caballero, and Jay Smith, among many others. This is a must have for fans and collectors of the original large format released in 2017.

Book description to come.

*Pop Surrealism* Bloomsbury Publishing  
Subkultur und Sportbetrieb: Passt das zusammen? Das fragten viele, als Skateboarding für 2020 zur Olympiadisziplin erklärt wurde. Einerseits gab es in der Geschichte dieser sportiven Praktik tatsächlich Phasen, in der sie mit »Sport« kaum zu tun hatte. Andererseits aber war Olympia schon in den 1960ern Thema. Ausgehend von Foucaults Überlegungen zur »wirklichen Historie« und orientiert an der jüngeren »praxeologischen« Kultursoziologie rekonstruiert Eckehart Velten Schäfer erstmals umfassend jene Pendelbewegung zwischen Sport- und Popkultur, in der Skateboarding zum paradigmatischen Fall dessen wurde, was man heute etwas unglücklich »Trendsport« nennt.

An Amazon Book of the Month 2022  
Texas Library Association's Texas Topaz Nonfiction Reading List Pick Tootie Nienow and Erika Medina's *There Goes Patti McGee!* is an uplifting picture book biography of the first-ever professional female skateboarder and winner of the 1964 National Skateboard Championship for Women. Brought to life by Erika Medina's dynamic and joyful illustrations, *There Goes Patti McGee!* walks us through Patti's first place win in the women's division of the 1964 National Skateboard Championship. She wowed the judges with what would become her signature move—the rolling handstand. Inspiring and unapologetic, Patti McGee proves that anyone can skate.

*Sissy Dreams: From Boyfriend to Girlfriend* Allen & Unwin

With its origins in the 1960s hot rod culture and underground comix and rock

music posters, Pop Surrealism/Lowbrow Art has evolved and expanded into the most vilified, vital, and exciting movement in contemporary art. *Pop Surrealism* is the first book to offer a comprehensive survey of this movement featuring twenty-three of today's most important and interesting artists.

**The Roller Derby Athlete** Gingko Press Editions

Moki's images are unsettling and charming, strange yet familiar. They feature lonely northern landscapes: isolated Scandinavian and Icelandic terrain, a subarctic frozen lake continent, untouched caves and moss meadows and mountains sculpted into anatomical shapes by wind and water. Animals and humans emerge and dissolve into their environments. Within the solitude of nature, disappearing seems an obvious act. Her art evokes the animation of Hayao Miyazaki, but with a chilling beauty that's pure Moki.

*Skateboarding and the City* Springer Nature

"Hit the streets with 200 exhilarating photographs of the world's greatest professional skateboarders in action. In this dynamic collection, award-winning photographer Jonathan Mehring takes us from New York to Hong Kong to Istanbul and beyond as he sets out to capture the heart and soul of skate culture on six continents. Featuring stars like Tony Hawk, Nyjah Huston, and Eric Koston, Mehring's images have been published in top skateboarding magazines, and ESPN named him one of the sports ten most influential people. Now, in his first book,

Mehring invites us along on his exhilarating photo adventures across six continents. By capturing these experiences on camera and including complementary images contributed by other top skate photographers, Mehring presents an exciting and artful look at skate culture around the world. With an adrenaline rush on every page, this book celebrates the joy of skateboarding and its power to inspire young people to overcome obstacles on the board and off."--Amazon.com.

Gods of the Upper Air Springer Nature

Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Wonder Woman Unbound transcript Verlag

Updated with a new Afterword "The revolution will be Twittered!" declared journalist Andrew Sullivan after protests erupted in Iran. But as journalist and social commentator Evgeny Morozov argues in *The Net Delusion*, the Internet is a tool that both revolutionaries and authoritarian governments can use. For all of the talk in the West about the power of the Internet to democratize societies, regimes in Iran and China are as stable and repressive as ever. Social media sites have been used there to entrench dictators and threaten dissidents, making it harder—not easier—to promote democracy. Marshalling a compelling set of case studies, *The Net Delusion* shows why the cyber-utopian stance that the Internet is inherently liberating is wrong, and how ambitious and seemingly noble initiatives like the promotion of "Internet freedom" are misguided and, on occasion, harmful.

Look Away Chicago Review Press

Skateboard graphics took a quantum leap in offensive potential after the sport was reborn in the '90s. Artists such as Marc McKee, Todd Francis, Johnny 'Mojo' Munnerlyn, Winston Tseng and others brought dark humour and politically incorrect topics to the forefront of their illustrations, aiming to raise serious issues and skewer values. *Agents Provocateurs* asks new questions of this boundary-pushing artistic genre and its place over the years. Did it save skateboarding? Are these controversial topics still relevant 20 years later?

**Back in the Day** Lulu.com

Celebrate the 10th anniversary of the greatest skateboard deck compilation with this special print edition of *The Disposable Skateboard Bible*. With the release of *Disposable: A History of Skateboard Art* in 2004, author Sean Cliver made a brilliant attempt at artfully cataloging every important skateboard deck ever released. In the process, he created a classic, but was left feeling less than satisfied. Ever the completist, the gaping omissions in the first book gnawed at him and drove him to envision compiling the ultimate encyclopedia of Skateboard decks. While *Disposable* was beautiful, capturing the essence of the aesthetic, *The Disposable Skateboard Bible* sets out to be the ultimate guide. The author's industry insider status (in 1989 he landed his first job as a designer at Powell-Peralta) allows him to guide readers through the culture and experience, the art and the mania of the skate world with authority and expertise. While the boards take center stage, fascinating vignettes and recollections by an A-list of skateboarding personalities from Tony Hawk to Mike Vallely, Mark Gonzales to Stacy Peralta and more.

"This collection of graphic art covers 40 years of Jim Phillips' free-lance and fine art, and contains hundreds of samples of posters, ads, logos, labels, cartoons, and other art forms that have entertained many and provided cultural identity for others. The story weaves history and insight into Jim's images, revealing the life and works of this California artist. ..."--Back cover.

**Skateboard Video** Westview Press

In 1989 Marc McKee got his start creating skateboard graphics for World Industries and many of its subsidiaries, like Blind, 101, Menace, A-Team and Almost. Spearheaded by McKee, this era is considered the golden age of skateboard art, whose funny, sexy and offensive graphics were hugely popular then and are considered highly collectible today. McKee was also the editor of Big Brother Magazine during its first four years and later worked on the Blunt Snowboard Magazine, before selling both to Larry Flynt Publications.

**Skateparks** Last Gasp

In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler

agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

**Surf, Skate and Rock Art of Jim****Phillips** Farrar, Straus and Giroux (BYR)

"I've never seen more information about Wonder Woman than in Wonder Woman Unbound. Tim Hanley tells us everything we've never asked about Wonder Woman, . . . from her mythic Golden Age origins through her dismal Silver Age years as a lovesick romance comic character, and worse yet, when she lost her costume and powers in the late 1960s. Our favorite Amazon's saga becomes upbeat again with the 1970s advent of Gloria Steinem and Ms. magazine, and Lynda Carter's unforgettable portrayal of her on television. And it's all told with a dollop of humor!" —Trina Robbins, author of *Pretty in Ink* With her golden lasso and her bullet-deflecting bracelets, Wonder Woman is a beloved icon of female strength in a world of male superheroes. But this close look at her history portrays a complicated heroine who is more than

just a female Superman. Tim Hanley explores Wonder Woman's lost history, delving into her comic book and its spin-offs as well as the motivations of her creators, to showcase the peculiar journey of a twentieth-century icon—from the 1940s, when her comics advocated female superiority but were also colored by bondage imagery and

hidden lesbian leanings, to her resurgence as a feminist symbol in the 1970s and beyond. Tim Hanley is a comic book historian. His blog, *Straitened Circumstances*, discusses Wonder Woman and women in comics, and his column "Gendercrunching" runs monthly on *Bleeding Cool*. He lives in Halifax, Nova Scotia.
