part of the creative community *Billboard* Rowman & Littlefield Cecilia Bartoli, still only in her thirties, has risen to the top of the opera world. Her astonishing mezzo coloratura has been called the finest since those of Marilyn Horne and Teresa Berganza, her recordings have sold in the millions, and her concerts are sold out in hours. What has made Bartoli such a sensation? Cecilia Bartoli: The Passion of Song provides a compelling insight into Bartoli's background and character. The book includes exclusive interview material with the singer herself; her mother, Silvana Bazzoni, Bartoli's one and only teacher; her manager; the top opera directors who have worked with her; and her record producer. It also examines the marketing

of Bartoli as a young, attractive woman; the effect that this has had on Bartoli's reputation as a singer; and the myths and prejudices that now surround her. The book is complete with a detailed discography and performance guide to the first ten years of Bartoli's career, charting her development as a performer. The Grove Book of Opera Singers eXtasy Books Housed on the campus of the University of Michigan in Ann Arbor, the University Musical Society is one of the oldest performing arts presenters in the country. A past recipient of the National Medal of Arts, the nation's highest public artistic honor, UMS connects audiences with wide-ranging performances in music, dance, and theater each season. Between 1987

and 2017, UMS was led by Ken Fischer, who over three decades pursued an ambitious campaign to expand and diversify the organization's programming and audiences—initiatives inspired by Fischer's overarching philosophy toward promoting the arts, "Everybody In, Nobody Out." The approach not only deepened UMS's engagement with the university and southeast Michigan communities, it led to exemplary partnerships with distinguished artists across the world. Under Fischer's leadership, UMS hosted numerous breakthrough performances, including the Vienna Philharmonic's final tour with Leonard Bernstein, appearances by then relatively unknown opera singer Cecilia Bartoli, a multiyear partnership with the Royal Shakespeare Company, and artists as diverse as Yo-Yo Ma, Jawole Willa Jo Zollar, Elizabeth Streb, and Nusrat Fateh Ali Khan. Though peppered with colorful anecdotes of how these successes came to be, this book is neither a history of UMS nor a memoir of Fischer's significant accomplishments with the organization. Rather it is a reflection on the power of the performing arts to engage and enrich communities—not by handing down

cultural enrichment from on high, but by meeting communities where they live and helping them preserve cultural heritage, incubate talent, and find ways to make community voices heard.

_____ A daring, category-confounding, and ruthlessly funny novel from National Book Award honored author Edmund White that explores polyamory and bisexuality, aging and love. Sicilian aristocrat and musician, Ruggero, and his younger American wife, Constance, agree to break their marital silence and write their Confessions. Until now they had a ban on speaking about the past, since transparency had wrecked their previous marriages. As the two alternate reading the memoirs they've written about their lives, Constance reveals her multiple marriages to older men, and Ruggero

details the affairs he's had with men and women across his lifetime—most importantly his passionate affair with the author Edmund White. Sweeping outward from the isolated Swiss ski chalet where the couple reads to travel through Europe and the United States, White's new novel pushes for a broader understanding of sexual orientation and pairs humor and truth to create his most fascinating and complex characters to date. As in all of White's earlier novels, this is a searing, scintillating take on physical beauty and its inevitable decline. But in this experimental new mode—one where the author has laid himself bare as a secondary character—White explores the themes of love and age through numerous eyes, hearts and minds. Delightful, irreverent, and experimental, *A Previous Life* proves once more why White is considered a master of American literature.

Why has opera transfixed and fascinated audiences for centuries? Carolyn Abbate and Roger Parker answer this question in their "effervescent, witty" (Die Welt, Germany) retelling of the history of opera, examining its development, the musical and dramatic means by which it communicates, and its role in society. Now with an expanded examination of opera as an institution in the twenty-first century, this "lucid and sweeping" (Boston Globe) narrative explores the tensions that have sustained opera over four hundred years: between words and music, character and singer, inattention and absorption. Abbate and Parker argue that, though the genre's most popular and enduring works were almost all written in a distant European past, opera continues to change the

viewer— physically, emotionally, intellectually—with its enduring power. *Lillian Gish* Manchester University Press
This is the first academic book ever written on women and body hair, which has been seen until now as too trivial, ridiculous or revolting to write about. Even feminist writers or researchers on the body have found remarkably little to say about body hair, usually ignoring it completely. It would appear that the only texts to elaborate on body hair are guides on how to remove it, medical texts on 'hirsutism', or fetishistic pornography on 'hairy' women. The last taboo also questions how and why any particular issue can become defined as 'self-evidently' too silly or too mad to write about. Using a wide range of thinking from gender theory, queer theory, critical and literary theory, history, art history, anthropology and psychology, the contributors argue that in fact body hair plays a central role in constructing masculinity and femininity and sexual and cultural identities. It is sure to provide many academic researchers with a completely fresh perspective on all of the fields mentioned above.
