Gender in Agriculture Sourcebook
Mozaika Publications

Find my long-lost birth parents? Check. Kiss the man I've been crushing on for years? Check. Finally kick back and enjoy my happy ending? Yeah, no such luck. With literal demons out to kill me and my loved ones in trouble, I'm starting to wonder if I'll make it out of this one alive...

The Superstitious Muse Mozaika Publications

The instant bestseller! • New York Times bestseller • USA Today bestseller • Wall Street Journal bestseller “A Map of Days reveals Ransom Riggs at the peak of his powers, leaving loyal fans ravenous for more.” –NY Journal of Books Having defeated the monstrous threat that nearly destroyed the peculiar world, Jacob Portman is back where his story began, in Florida. Except now Miss

Peregrine, Emma, and their peculiar friends are with him, and doing their best to blend in. But carefree days of beach visits and normalling lessons are soon interrupted by a discovery—a subterranean bunker that belonged to Jacob’s grandfather, Abe. Clues to Abe’s double-life as a peculiar operative start to emerge, secrets long hidden in plain sight. And Jacob begins to learn about the dangerous legacy he has inherited—truths that were part of him long before he walked into Miss Peregrine’s time loop. Now, the stakes are higher than ever as Jacob and his friends are thrust into the untamed landscape of American peculiardom—a world with few ymbrynes, or rules—that none of them understand. New wonders, and dangers, await in this brilliant next

chapter for Miss Peregrine's peculiar children. Their story is again illustrated by haunting vintage photographs, now with the striking addition of full-color images interspersed throughout for this all-new, multi-era American adventure.

The Girl Who Sees (Sasha Urban Series: Book 1) Mozaika LLC

The 'Gender in Agriculture Sourcebook' provides an up-to-date understanding of gender issues and a rich compilation of compelling evidence of good practices and lessons learned to guide practitioners in integrating gender dimensions into agricultural projects and programs. It serves as a tool for: guidance; showcasing key principles in integrating gender into projects; stimulating the imagination of practitioners to apply lessons learned,

experiences, and innovations to the design of future support and investment in the agriculture sector. The Sourcebook draws on a wide range of experience from World Bank, Food and Agriculture Organization (FAO), International Fund for Agricultural Development (IFAD), and other donor agencies, governments, institutions, and groups active in agricultural development. The Sourcebook looks at: access to and control of assets; access to markets, information and organization; and capacity to manage risk and vulnerability through a gender lens. There are 16 modules covering themes of cross-cutting importance for agriculture with strong gender dimensions (Policy, Public Administration and Governance; Agricultural Innovation

and Education; Food Security; Markets; Rural Finance; Rural Infrastructure; Water; Land; Labor; Natural Resource Management; and Disaster and Post-Conflict Management) and specific subsectors in agriculture (Crops, Livestock, Forestry, and Fisheries). A separate module on Monitoring and Evaluation is included, responding to the need to track implementation and development impact. Each module contains three different sub-units: (1) A Module Overview gives a broad introduction to the topic and provides a summary of major development issues in the sector and rationale of looking at gender dimension; (2) Thematic Notes provide a brief and technically sound guide in gender integration in selected themes with lessons learned, guidelines,

checklists, organizing principles, key questions, and key performance indicators; and (3) Innovative Activity Profiles describe the design and innovative features of recent and exciting projects and activities that have been implemented or are ongoing.

The Slynx Sasha Urban

Dans l'antre du diable, je suis à la merci d'un homme qui me fascine autant qu'il me terrorise, un tueur tendre dont l'obsession envers moi se renforce de jour en jour. Nikolai Molotov est plus un geôlier qu'un protecteur, son domaine à la fois un havre de paix et une cage dorée. Si seulement je pouvais résister à sa redoutable séduction... ou réprimer l'emprise de plus en plus forte qu'il exerce sur mon cœur et mon esprit. Parce qu'aussi loin que je creuse dans

l'énigme de son passé, je ne connais toujours pas la réponse à la question la plus cruciale : Son amour pour moi me met-il en danger ? Remarque : Il s'agit de la conclusion de l'histoire entre Nikolai et Chloé.

Misfortune Teller (Sasha Urban Series: Book 2) Avid Reader Press / Simon & Schuster

The CQ Press Guide to U.S. Elections is a comprehensive, two-volume reference providing information on the U.S. electoral process, in-depth analysis on specific political eras and issues, and everything in between. Thoroughly revised and infused with new data, analysis, and discussion of issues relating to elections through 2014, the Guide will include chapters on: Analysis of the campaigns for presidency, from

the primaries through the general election Data on the candidates, winners/losers, and election returns Details on congressional and gubernatorial contests supplemented with vast historical data. Key Features include: Tables, boxes and figures interspersed throughout each chapter Data on campaigns, election methods, and results Complete lists of House and Senate leaders Links to election-related websites A guide to party abbreviations Reluctant Psychic (Sasha Urban Series: Book 3) Springer Publishing Company Phobeter ist nicht nur echt, er ist auch dabei, das Leben auf jeder Welt mit fühlenden Wesen zu zerstören. Life as a seer is not all it's cracked up to be. Especially when you're unemployed, and your former boss blacklists you everywhere. Or when a legendary Russian witch calls in a favor owed, demanding the unthinkable. When danger threatens everyone around me, there's only one man I can turn to—and he may not be what he seems.

The Other End of the Leash Mozaika

Scholars have long seen trust as a foundational social good. We therefore have ample studies on building trust in free markets, on cultivating trust in the

state, and on rebuilding trust through civil society. The contributors to this volume, instead, take a step back. They ask: Can mistrust ever be more than the flip side of trust, more than the sign of an absence or failure? By looking ethnographically at what a variety of actors actually do when they express mistrust, this volume offers a richly empirical trove of the social life of mistrust across a range of settings.

Civilized to Death Studies in Russian and Slavic

I'm an illusionist, not a psychic. Going on TV is supposed to advance my career, but things go wrong. Like vampires and zombies kind of wrong. My name is Sasha Urban, and this is how I learned what I am.

Visions & Vampires MDPI

The New York Times bestselling coauthor of *Sex at Dawn* explores the ways in which “progress” has perverted the way we live—how we eat, learn, feel, mate, parent, communicate, work, and die—in this “engaging, extensively documented, well-organized, and thought-provoking” (Booklist) book. Most of us have instinctive evidence the world is ending—balmy December days, face-to-face conversation replaced with heads-to-screens zomboidism, a world at constant war, a political system in disarray. We hear some myths and lies so frequently that they feel like truths: Civilization is humankind’s greatest accomplishment. Progress is undeniable. Count your blessings. You’re lucky to be alive here and now. Well, maybe we are and maybe we aren’t. *Civilized to Death*

counters the idea that progress is inherently good, arguing that the “progress” defining our age is analogous to an advancing disease. Prehistoric life, of course, was not without serious dangers and disadvantages. Many babies died in infancy. A broken bone, infected wound, snakebite, or difficult pregnancy could be life-threatening. But ultimately, Christopher Ryan questions, were these pre-civilized dangers more murderous than modern scourges, such as car accidents, cancers, cardiovascular disease, and a technologically prolonged dying process? *Civilized to Death* “will make you see our so-called progress in a whole new light” (Book Riot) and adds to the timely conversation that “the way we have been living is no longer sustainable, at least as long as we want

to the earth to outlive us" (Psychology Today). Ryan makes the claim that we should start looking backwards to find our way into a better future.

Dream Hunter (Bailey Spade Series Book 2) Mozaika LLC

Ich bin also eine Seherin. Eine der Cogniti unter dem Mandat. Das Leben sollte jetzt einfach sein, oder? Falsch. Bei all den „Unfällen“, die ich gerade dauernd erlebe, habe ich Glück, wenn ich die Woche überstehe. Das heißt, wenn mein verrückter Boss mich nicht vorher zu Tode schuftet lässt ...

Everyday Stalinism Mozaika LLC
Betty Boyd Caroli's engrossing and informative First Ladies is both a captivating read and an essential resource for anyone interested in the role of America's First Ladies. This

expanded and updated fourth edition includes Laura Bush's tenure, Hillary Clinton's 2008 presidential bid, and an in-depth look at Michelle Obama, one of the most charismatic and appealing First Ladies in recent history. Covering all forty-one women from Martha Washington to Michelle Obama and including the daughters, daughters-in-law, and sisters of presidents who sometimes served as First Ladies, Caroli explores each woman's background, marriage, and accomplishments and failures in office. This remarkably diverse lot included Abigail Adams, whose "remember the ladies" became a twentieth-century feminist refrain; Jane Pierce, who prayed her husband would lose the election; Helen Taft, who insisted on living in the White House,

although her husband would have preferred a judgeship; Eleanor Roosevelt, who epitomized the politically involved First Lady; and Pat Nixon, who perfected what some have called "the robot image." They ranged in age from early 20s to late 60s; some received superb educations for their time, while others had little or no schooling. Including the courageous and adventurous, the emotionally unstable, the ambitious, and the reserved, these women often did not fit the traditional expectations of a presidential helpmate. Here then is an engaging portrait of how each First Lady changed the role and how the role changed in response to American culture. These women left remarkably complete records, and their stories offer us a window through which

to view not only this particular sorority of women, but also American women in general. "Impressive...Caroli's profiles and observations of American first ladies and their relationship to the media are intelligent and perceptive." --

My instincts warned me that Alex Volkov is a dangerous man. My mind told me to run when he set his sights on me with unfaltering determination. It's not that I didn't try to resist, but Alex had a game plan. He was always one step ahead of me, skillfully drawing me deeper into his web. Even when he gave me freedom, it was only an illusion. Now, even that illusion has vanished. I'm his prisoner in the truest sense of the word, whisked away to Russia on his private plane. I no

longer have a say, not while our lives are at risk, and maybe never again. Our story balances on a thin edge between disaster and happiness. With each day that passes, I grow less certain of which side the coin will land on... or if we'll even survive. Note: This is the conclusion of Alex and Kate's story.

Everything Was Forever, Until It Was No More Penguin

The epic conclusion of Sasha Urban's story I found my family, I found my heart, I found myself. But it's not over. No matter how many allies I have, there's no escaping destiny. The end of the world is coming, and I'm the only one who can stop it.

Dream Walker (Bailey Spade Series Book 1) transcript Verlag

For several decades David Bethea has

written authoritatively on the "mythopoetic thinking" that lies at the heart of classical Russian literature, especially Russian poetry. His theoretically informed essays and books have made a point of turning back to issues of intentionality and biography at a time when authorial agency seems under threat of "erasure" and the question of how writers, and poets in particular, live their lives through their art is increasingly moot. The lichnost' (personhood, psychic totality) of the given writer is all-important, argues Bethea, as it is that which combines the specifically biographical and the capaciously mythical in verbal units that speak simultaneously to different planes of being. Pushkin's Evgeny can be one incarnation of the poet himself and an

Everyman rising up to challenge Peter's new world order; Brodsky can be, all at once, Dante and Mandelstam and himself, the exile paying an Orphic visit to Florence (and, by ghostly association, Leningrad). This sort of metempsychosis, where the stories that constitute the Ur-texts of Russian literature are constantly reworked in the biographical myths shaping individual writers' lives, is Bethea's primary focus. This collection contains a liberal sampling of Bethea's most memorable previously published essays along with new studies prepared for this occasion.

We Are Best Friends: Animals in Society Mozaika Publications

Action-packed and laugh-out-loud funny, the Sasha Urban series is your next binge read! For a limited time, get the

first three books in a convenient, discounted bundle. Analyst. Illusionist. Psychic? When Sasha Urban finally gets the chance to perform her magic tricks on live TV, the last thing she expects is to discover that she has very real, very scary powers. Oh, and to be totally humiliated in the process. But being made to look like a fraud is the least of Sasha's problems now that she's been thrust into the dangerous world of the Cognizant. With necromancers, orcs, and moody teenage werewolves out for blood, Sasha will have to rely on her super-strong best friend, surprisingly deadly pet chinchilla, and mysteriously powerful boss to help her survive her first few months as a Cognizant. But will she be able to master her psychic powers in time to save herself when

everything goes wrong?
Media, Popular Culture, and the American Century BRILL
Soviet socialism was based on paradoxes that were revealed by the peculiar experience of its collapse. To the people who lived in that system the collapse seemed both completely unexpected and completely unsurprising. At the moment of collapse it suddenly became obvious that Soviet life had always seemed simultaneously eternal and stagnating, vigorous and ailing, bleak and full of promise. Although these characteristics may appear mutually exclusive, in fact they were mutually constitutive. This book explores the paradoxes of Soviet life during the period of "late socialism" (1960s-1980s) through the eyes of the

last Soviet generation. Focusing on the major transformation of the 1950s at the level of discourse, ideology, language, and ritual, Alexei Yurchak traces the emergence of multiple unanticipated meanings, communities, relations, ideals, and pursuits that this transformation subsequently enabled. His historical, anthropological, and linguistic analysis draws on rich ethnographic material from Late Socialism and the post-Soviet period. The model of Soviet socialism that emerges provides an alternative to binary accounts that describe that system as a dichotomy of official culture and unofficial culture, the state and the people, public self and private self, truth and lie--and ignore the crucial fact that, for many Soviet citizens, the

fundamental values, ideals, and realities of socialism were genuinely important, although they routinely transgressed and reinterpreted the norms and rules of the socialist state.
