From two of the greatest imaginations of our time comes a magnificent novel of adventure and magic...SHADOW MOON: First in the Chronicles of the Shadow War. The genius of Star Wars(r) creator George Lucas and the vision of Chris Claremont, the author of the phenomenally bestselling The Uncanny X-Men adventures, merge in what must be the fantasy event of the year. In Shadow Moon, war and chaos have gripped the land of Tir Asleen. An ancient prophecy reveals one hope: a savior princess who will ascend to the throne when the time is right. But first, a Nelwyn wanderer must face forces of unimaginable malevolence and dangerous, forbidden rites of necromancy that could bring back a powerful warrior from soulless sleep. George Lucas

reshaped filmmaking in the '70s and '80s with his Star Wars and Indiana Jones films. When Bantam Books asked Lucas if he had any stories he would like to develop as novels rather than as films, Lucas turned to his 1988 fantasy film, Willow. "When I wrote the story for Willow, I began with the pre-story," Lucas said, "but the full story was yet to be told." Now, Lucas's vision is being fulfilled with the talented help of Chris Claremont. Having previously taken the reins of what was for a decade the bestselling comic in the western hemisphere (The Uncanny X-Men) Claremont assumes the responsibility of foster parent to Lucas's creation. On sale in hardcover now, and available on BDD Audio Cassette as well, SHADOW MOON is a momentous new adventure for readers looking to spend part of this summer in a fantastic world. SHADOW MOON is one of Bantam Spectra's most exciting publishing events in 1995, the year we celebrate our 10th Anniversary as the premiere publishing imprint of books of

speculative fiction.

Clive Barker's Nightbreed has been controversial since the moment it was released in a version edited by the studio and roundly condemned by Barker, who wrote and directed the movie. A virtually instant cult film based on Barker's novella Cabal, it was nominated for three Saturn Awards and won several prizes at European film festivals. Midian Unmade tells the stories of the Nightbreed after the fall of their city, Midian. Driven from their homes, their friends and family members slain before their

eyes, the monsters become a mostly-hidden diaspora. Some are hunted; others, hunters. Some seek refuge. Others want revenge. Contributors include: Karl Alexander, author of the classic novel *Time After Time*; actor, writer, and director Amber Benson (Tara Maclay on *Buffy the Vampire Slayer*); New York Times bestselling author Nancy Holder; Hugo and John W. Campbell Award winner Seanan McGuire; Bram Stoker Award winner Weston Ochse; David J. Schow, winner of the World Fantasy Award and writer of the screenplay for *The Crow*; New York Times bestselling writer Stephen Woodworth; and many more—23 stories in all. With an introduction by Clive Barker, this is an outstanding collection of original horror short stories in a dazzling variety of styles. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Hellraiser Harbinger Books

This volume explores the complex horizon of landscapes in horror film culture to better understand the use that the genre makes of settings, locations, spaces, and places, be they physical, imagined, or altogether imaginary. In *The Philosophy of Horror*, Noël Carroll discusses the “geography” of horror as often situating the filmic genre in liminal spaces as a means to displace the narrative away from commonly accepted social structures: this use of space is meant to trigger the audience’s innate fear of the unknown. This notion recalls Freud’s theorization of the uncanny, as it is centered on recognizable locations outside of the Lacanian symbolic order. In some instances, a location may act as one of the describing characteristics of evil itself: In *A Nightmare on Elm Street* teenagers fall asleep only to be dragged from their bedrooms into Freddy Krueger’s labyrinthine lair, an

inescapable boiler room that enhances Freddie’s powers and makes him invincible. In other scenarios, the action may take place in a distant, little-known country to isolate characters (Roth’s *Hostel* films), or as a way to mythicize the very origin of evil (Bava’s *Black Sunday*). Finally, anxieties related to the encroaching presence of technology in our lives may give rise to postmodern narratives of loneliness and disconnect at the crossing between virtual and real places: in Kurosawa’s *Pulse*, the internet acts as a gateway between the living and spirit worlds, creating an oneiric realm where the living vanish and ghosts move to replace them. This suggestive topic begs to be further investigated; this volume represents a crucial addition to the scholarship on horror film culture by adopting a transnational, comparative approach to the analysis of formal and narrative concerns specific to the genre by considering some of the most popular titles in horror film culture alongside lesser-known works for which this anthology represents the first piece of relevant scholarship.

Weird Shadows Over Innsmouth Berkley

A deep dive into the creative world and personal archive of the master of horror Clive Barker, from *Hellraiser* and *Candyman* to today "I've seen the future of horror . . . and his name is Clive Barker." In the mid-1980s, Stephen King inducted a young English novelist into the world of great genre writers, and since then, this genius creator has only continued to expand his field of activity. Created by his two most loyal collaborators, Phil and Sarah Stokes, Clive Barker’s *Dark Worlds* is the first book to shed light on the massive scope of Barker’s creative work. With the help of Barker himself, this book contains exclusive insight from those

who have worked with him creatively and professionally, alongside analyses of his works and comments over four decades from industry contemporaries and friends such as Ramsey Campbell, Quentin Tarantino, Neil Gaiman, China Miéville, Peter Straub, Armistead Maupin, J.G. Ballard, Wes Craven, and many more. The book spans Barker's world, highlighting classics such as the character Pinhead, an icon in the pantheon of horror cinema; the Hellraiser series of ten films and a forthcoming HBO miniseries; and the cult films *Nightbreed* and *Candyman*, the latter of which was rebooted as a Jordan Peele production in 2021. In literature, Barker has written the horror anthology series *Books of Blood*, which was recently adapted by Hulu, as well as numerous fantasy sagas. *Weaveworld* and *The Great and Secret Show* have become instant genre classics, and *Abarat* is a beloved bestselling series for young adults. In the world of comics, Barker has partnered with major publishers such as Marvel and BOOM! Studios. This tireless creator has also dipped his toes into the worlds of toys, video games, and art, and his incredible collection of paintings, drawings, and photographs have been exhibited in galleries over the world.

The Boozy Biography of the Four Greatest Actors to Ever Walk--Or Stagger--Into a Pub. Richard Burton, Richard Harris, Peter O'Toole, and Oliver Reed: On screen they were stars. Off screen they were legends! *Hellraisers* is the story of drunken binges of near biblical proportions, parties and orgies, broken marriages, riots, and wanton sexual conquests. Indeed, acts so outrageous that if you or I had perpetrated them we could have ended up in jail. Their mercurial acting talent and love from the press and the

public allowed them to get away with the kind of behaviour that today's film stars could scarcely dream of. They were truly the last of a breed, the last of the movie hellraisers. This book traces the intertwining lives and careers of Burton, Harris, O'Toole, and Reed, plus an assortment of other movie boozers who crossed their path. It's a celebratory catalogue of their miscreant deeds, a greatest-hits package, as it were, of their most breathtakingly outrageous behavior, told with humor and affection. You can't help but enjoy it—after all, they bloody well did. "God put me on this earth to raise sheer hell."--Richard Burton "I don't have a drink problem. But if that was the case and doctors told me I had to stop I'd like to think that I would be brave enough to drink myself into the grave."--Oliver Reed "I was a sinner. I slugged some people. I hurt many people. And it's true, I never looked back to see the casualties."--Richard Harris "Booze is the most outrageous of drugs, which is why I chose it."--Peter O'Toole

Clive Barker's Nightbreed Archive Michael J Bowler

This is a bold and original reinterpretation of almost all of Shakespeare's major plays, in the light of the Marxist, feminist and semiotic ideas of our own time. Through a set of tenaciously detailed readings, the book illuminates a number of persistent problems or conflicts in Shakespearean drama - in particular a contradiction between words and things, body and language, which is also explored in terms of law, sexuality and Nature. Language and desire, Terry Eagleton argues, are seen by Shakespeare as a kind of 'surplus' over and above the body, stable and social roles and a fixed human nature. But the attitude of the plays to such a 'surplus' is profoundly ambivalent; if they admire it as the very source of human creativity, they also fear its anarchic, transgressive force. Underlying such ambiguities, the book convincingly shows, is a deeper ideological struggle, between feudal traditionalism on the one hand, and the emergence of new forms of bourgeois individualism on the other. This book reveals how, in the light of our own contemporary theories of language, sexuality and society, we can understand

the issues present in Shakespeare's drama which previously have remained obscure.
