Inside Clubbing puts the spotlight on club culture-- in all its sweaty, visceral, and seductive glory. Jackson guides us through the huge spectrum of the club experience, moving from hip-hop clubs to fetish events via queer, trance, Asian, techno, drum 'n' bass, and sex clubs. Drawing on interviews with clubbers from a variety of backgrounds, he dispels myths and offers new insights into the contemporary clubbing scene. Contrary to popular perception,

clubbing is not just for youths: the clubbers in Inside Clubbing range from their mid-twenties to mid-fifties. Many have been on the scene for years and offer a historical perspective on changes over the last decade. Jackson explores the real practice of clubbing first-hand and offers the most balanced and sophisticated understanding of the club scene to date.

### The Petite Bourgeoisie in Europe 1780-1914

Can you forget the place you once called home? What does it take to make you recapture it? In this moving memoir, Susan Rubin Suleiman describes her returns to the city of her birth — where she speaks the language like

a native but with an accent. Suleiman left Budapest in 1949 as a young child with her parents, fleeing communism; thirty-five years later, she returned with her two sons for a brief vacation and began to remember her childhood. Her earliest memories, of Nazi persecution in the final year of World War II, came back to her in fragments, as did memories of her first school years after the war and of the stormy marriage between her father, a brilliant Talmudic scholar, and her mother, a cosmopolitan woman from a more secular Jewish family. In 1993, after the fall of communism and the death of her mother, Suleiman returned to

Budapest for a six-month stay. She recounts her ongoing quest for personal history, interweaving it with the stories of present-day Hungarians struggling to make sense of the changes in their individual and collective lives. Suleiman's search for documents relating to her childhood, the lives of her parents and their families, and the Jewish communities of Hungary and Poland takes her on a series of fascinating journeys within and outside Budapest. Emerging from this eloquent, often suspenseful diary is the portrait of an intellectual who recaptures her past and comes into contact with the vital, troubling world of contemporary Eastern Europe. Suleiman's vivid descriptions of her encounters with a proud, old city and its people in a time of historical change remind us that every life story is at once unique and part of a larger history. "I recommend this autobiographical narrative because it is grave and beautiful. Better still, it is shatteringly truthful." — Elie Wiesel "Susan Rubin was a little girl when her parents fled through darkened fields to escape

the Communist regime in Hungary in 1949... [This] is a poignant piece of self-revelation, sprinkled with some trenchant observations on the way the dead hand of history has weighed down the former Warsaw Pact countries." — Kirkus "[A] fascinating, revealing journal... brutally honest." — Publishers Weekly "This pensive, forthright journal records Suleiman's efforts to reconnect with a long-forgotten homeland." — Booklist "Suleiman lyrically describes her quest and the complex interaction of the Eastern Europe of the past and present." — Boston Globe "A tale of survival, adaptation and pure luck, whose darker side reveals the linguistic and emotional cost of emigration and exile, the feeling of permanent displacement, of being nowhere at home." — Forward "This story must speak to all those who have fled and who have ever dreamed of a return." — Independent Jewish Women's Magazine "[A] thoughtful and sophisticated memoir... You don't have to be Hungarian or Jewish to appreciate writing like this." — Montreal Gazette

 First published in 1995. Geoffrey Crossick and Heinz-Gerhard Haupt provide a major overview of the social, economic, cultural and political development of the petite bourgeoisie in eighteenth-, nineteenth- and early twentieth-century Europe. Through comparative analysis the authors examine issues such as the centrality of small enterprise to industrial change, the importance of family and locality to the petit-bourgeois world, the search for stability and status, and the associated political move to the right. This title will be of interest to students of history.

 The essays assembled in this volume are a thoughtful and lively commentary on Europe after the revolution of 1989. Must revolutions fail? Certainly, the open society has its own problems, not least that of citizens in search of meaning. The Good Society has to square the circle of prosperity, civility and liberty. Social science can help us understand what needs to be done, and intellectuals have a responsibility to initiate and accompany change. All this raises questions

for Europe which extend far beyond the all too European Union.
