It should be pointed out first of all that ESP is not a monolithic universal phenomenon. ESP has developed at different speeds in different

countries, and examples of all the approaches we shall describe can be found operating somewhere in the world at the present time.

2 - The development of ESP - Cambridge University Press

I am calling this the ESP (English for Specific Purposes) approach, Business English being just one (often quite general) specific purpose. Although there is no nice catchy acronym, the basics of the ESP approach can be stated in the same number of steps

as PPP and TTT, simply: Needs analysis, Course design (taking those needs into account).
