The period between the late Renaissance and the early Enlightenment has long been regarded as the zenith of the republic of letters, a pan-European community of like-minded scholars and intellectuals who fostered critical approaches to the study of the Bible and other ancient texts, while renouncing the brutal religio-political disputes that were tearing their continent apart at the same time. Criticism and Confession offers an unprecedentedly comprehensive challenge to this account. Throughout this period, all forms of biblical scholarship were intended to contribute to theological debates, rather than

defusing or transcending them, and meaningful collaboration between scholars of different confessions was an exception, rather than the norm. Neutrality was a fiction that obscured the ways in which scholarship served the interests of ecclesiastical and political institutions. Scholarly practices varied from one confessional context to another, and the progress of 'criticism' was never straightforward. The study demonstrates this by placing scholarly works in dialogue with works of dogmatic theology, and comparing examples from multiple confessional and national contexts. It offers major revisionist treatments of canonical figures in the history of scholarship, such as Joseph Scaliger, Isaac Casaubon, John Selden, Hugo Grotius, and Louis Cappel, based on unstudied archival as well as printed sources; and it places those figures alongside their more marginal, overlooked counterparts. It also contextualizes scholarly correspondence and other forms of intellectual exchange by considering them alongside the records of political and ecclesiastical bodies. Throughout, the study combines the methods of the history of scholarship with techniques drawn from

other fields, including literary, political, and religious history. As well as presenting a new history of seventeenth-century biblical criticism, it also critiques modern scholarly assumptions about the relationships between erudition, humanistic culture, political activism, and religious identity.

This long-awaited translation of *Confessions*, which Stephen Greenblatt describes as central to the legacy of Adam and Eve, enlivens the beguiling world of late antiquity. No modern, well-versed literature lover can call her education complete without having read Augustine's *Confessions*. One of the most original works of world literature, it is the first autobiography ever written, influencing writers from Montaigne to Rousseau, Virginia Woolf to Gertrude Stein—and most recently informing Stephen Greenblatt's provocative thesis about one of our foundational mythologies in *The Rise and Fall of Adam and Eve*. It is here that we learn how one of the greatest saints in Christendom overcame a wild and reckless past, complete with a rambunctious posse of friends, an overly doting mother, and an affair that produced a "bastard" child. Yet English translators have long emphasized the ecclesiastical virtues of Augustine's masterpiece, often at the expense of its passion and literary vigor. Restoring the lyricism of Augustine's original language, Peter Constantine offers a masterful and elegant rendering of *Confessions* in what will be a classic for decades to come.

Sample Book Insights: #1 God is great, and we should praise

Him. But we must understand that we are not great, because we are but a fragment of His creation. We were created for God, and our hearts are restless until they rest in Him. #2 I want to repose on God, my sole good. I want to forget my ills and embrace him, my only salvation. I want to enlarge my mansion, so that you can enter it and inebriate me. I want to repair it, because it has within it things that must offend your eyes. But who will cleanse it. #3 I was born a child, and I lived as such. But I, Lord, who liveth forever, and in whom nothing dies: before the foundation of the worlds, and before all that can be called before, You are, and You are God and Lord of all which You have created. #4 The infant is innocent, because the source of its life, milk, is provided by someone else. We tolerate these things because they will disappear as the child grows up.

From the beloved author of the #1 New York Times bestsellers *Tuesdays with Morrie* and *The Five People You Meet in Heaven* comes his most critically acclaimed novel yet—a stunningly original tale of love: love between a man and a woman, between an artist and his mentor, and between a musician and his God-given talent. Narrated by the voice of Music itself, the story follows Frankie Presto, a war orphan born in a burning church, through his extraordinary journey around the world. Raised by a blind guitar teacher in Spain and gifted with a talent to change people's lives—using six mysterious blue strings—Frankie navigates the musical landscape of the twentieth century, from the 1950s jazz scene to the Grand Ole Opry to Elvis mania and Woodstock, all the while searching for his childhood love. As he becomes a famous star, he loses his way, until tragedy steals his

ability to play the guitar that had so defined him. Overwhelmed by his loss, Frankie disappears for decades, reemerging late in life for one spectacular yet mystifying farewell. Part love story, part magical mystery, *The Magic Strings of Frankie Presto* is Mitch Albom at his finest, a Forrest Gump-like epic about one man's journey to discover what truly matters and the power of talent to change our lives.

Augustine of Hippo Oxford University Press

What if our beliefs were not what divided us, but what pulled us together? In *Have a Little Faith*, Mitch Albom offers a beautifully written story of a remarkable eight-year journey between two worlds -- two men, two faiths, two communities -- that will inspire readers everywhere. Albom's first nonfiction book since *Tuesdays with Morrie*, *Have a Little Faith* begins with an unusual request: an eighty-two-year-old rabbi from Albom's old hometown asks him to deliver his eulogy. Feeling unworthy, Albom insists on understanding the man better, which throws him back into a world of faith he'd left years ago. Meanwhile, closer to his current home, Albom becomes involved with a Detroit pastor -- a reformed drug dealer and convict -- who preaches to the poor and homeless in a decaying church with a hole in its roof. Moving between their worlds, Christian and Jewish, African-American and white, impoverished and well-to-do, Albom observes how these very different men employ faith similarly in fighting for survival: the older, suburban rabbi embracing it as death approaches; the younger, inner-city pastor relying on it to keep himself and his church afloat. As America struggles with hard times and people turn more to their beliefs, Albom and the two men of God explore issues that perplex modern man: how to endure when difficult

things happen; what heaven is; intermarriage; forgiveness; doubting God; and the importance of faith in trying times. Although the texts, prayers, and histories are different, Albom begins to recognize a striking unity between the two worlds -- and indeed, between beliefs everywhere. In the end, as the rabbi nears death and a harsh winter threatens the pastor's wobbly church, Albom sadly fulfills the rabbi's last request and writes the eulogy. And he finally understands what both men had been teaching all along: the profound comfort of believing in something bigger than yourself. *Have a Little Faith* is a book about a life's purpose; about losing belief and finding it again; about the divine spark inside us all. It is one man's journey, but it is everyone's story. Ten percent of the profits from this book will go to charity, including The Hole In The Roof Foundation, which helps refurbish places of worship that aid the homeless.

The Confession of St. Patrick HarperCollins

"This narrative of the first half of Augustine's life conjures the intellectual and social milieu of the late Roman Empire with a Proustian relish for detail." --New York Times
In Augustine, celebrated historian Robin Lane Fox follows Augustine of Hippo on his journey to the writing of his *Confessions*. Unbaptized, Augustine indulged in a life of lust before finally confessing and converting. Lane Fox recounts Augustine's sexual sins, his time in an outlawed heretical sect, and his gradual return to spirituality. Magisterial and beautifully written, *Augustine* is the authoritative portrait of this colossal figure at his most thoughtful, vulnerable,

and profound.

Answer to the Pelagians Hardpress Publishing

"As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. In the Book of Psalms are to be found the history of the people of Israel, the theology and spirituality of the Old Covenant, and a treasury of human experience expressed in prayer and poetry. So too does the work of expounding the psalms recapitulate and focus the experiences of Augustine's personal life, his theological reflections and his pastoral concerns as Bishop of Hippo."--Publisher's website.

At age 26, scrawny, Oxford-educated Samuel Fussell entered a YMCA gym in New York to escape the terrors of big city life. Four years and 80 lbs. of firm, bulging muscle later, he was competing for bodybuilding titles in the "Iron Mecca" of Southern California--so weak from intense training and starvation he could barely walk. *MUSCLE* is the harrowing, often hilarious chronicle of Fussell's divine obsession, his search for identity in a bizarre, eccentric world of "health fascists," "gym bunnies" and "muscleheads"--and his devout, single-minded acceptance of illness, pain, nausea, and steroid-induced rage in his quest for the holy grail of physical perfection.

Rousseau's ideas have influenced almost every major political development of the last two hundred years, and are crucial to an understanding of phenomena as diverse as the French Revolution, modern educational theory, and the contemporary environmental movement. This is reason enough to draw attention to his startlingly alive autobiography. But the Confessions is also among the greatest self-portraits in world literature -which suggests, even more than the impact of Rousseau's thought, the extent to which the very high opinion he had of himself was ultimately justified.

Selected Philosophical Writings National Geographic Books

From Pulitzer Prize-winner Garry Wills, the story of Augustine's Confessions In this brief and incisive book, Pulitzer Prize-winning historian Garry Wills tells the story of the Confessions--what motivated Augustine to dictate it, how it asks to be read, and the many ways it has been misread in the one-and-a-half millennia since it was composed. Following Wills's biography of Augustine and his translation of the Confessions, this is an unparalleled introduction to one of the most important books in the Christian and Western traditions. Understandably fascinated by the story of Augustine's life, modern readers have largely succumbed to the temptation to read the Confessions as autobiography. But, Wills argues, this is a mistake. The book is not autobiography but rather a long prayer, suffused with the language of Scripture and addressed to God, not man. Augustine tells the story of his life not for its own significance but in order to discern how, as a drama of sin and salvation leading to God, it fits into sacred history. "We have to read Augustine as we do Dante," Wills

writes, "alert to rich layer upon layer of Scriptural and theological symbolism." Wills also addresses the long afterlife of the book, from controversy in its own time and relative neglect during the Middle Ages to a renewed prominence beginning in the fourteenth century and persisting to today, when the Confessions has become an object of interest not just for Christians but also historians, philosophers, psychiatrists, and literary critics. With unmatched clarity and skill, Wills strips away the centuries of misunderstanding that have accumulated around Augustine's spiritual classic.
