In 922 AD, an Arab envoy from Baghdad named Ibn Fadlan encountered a party of Viking traders on the upper reaches of the Volga River. In his subsequent report on his mission he gave a meticulous and astonishingly objective description of Viking customs, dress, table manners, religion and sexual practices, as well as the only eyewitness account ever written of a Viking ship cremation. Between the ninth and fourteenth centuries, Arab travellers such as Ibn Fadlan journeyed widely and frequently into the far north, crossing territories that now include Russia, Uzbekistan and Kazakhstan. Their fascinating accounts describe how the numerous tribes and peoples they encountered traded furs, paid tribute and waged wars. This accessible new translation offers an illuminating insight into the world of the Arab geographers, and the medieval lands of the far north.

Heart of Darkness (Fifth International Student Edition) (Norton Critical Editions) Bedford/St. Martin’s

This narrative is a dramatic irony and story of the deluded hopes of an old sailor, Captain Hagberd, desperate to find his missing son. He prepares and

plans for his son’s ultimate return, always claiming this will happen "to-morrow". His neighbors and the other villagers see him as a bit of a character and can only humor his self-deception to avoid violent fits of anger. There are two central ironies in the tale, one true and the other potential. The story circles around the lives of three characters, the father, Captain Hagberd, the awaited son, and the girl living nearby, who dreams of being freed from her brutal existence. To-morrow is a thoughtful story looking into the heart of a man who redoubles his efforts to find his son after his wife’s death. It’s a subtle tale that speaks of habit and how letting go, whether consciously or not, is a tough thing to do.

Heart of Darkness and Other Tales Penguin

In a novella which remains highly controversial to this day, Conrad explores the relations between Africa and Europe. On the surface, this is a horrifying tale of colonial exploitation. The narrator, Marlowe journeys on business deep into the heart of Africa. But there he encounters Kurtz, an idealist apparently crazed and depraved by his power over the natives, and the meeting prompts Marlowe to reflect on the darkness at the heart of all men. This short but complex and often ambiguous story, which has been the basis of several films and plays, continues to provoke interpretation and discussion. Heart of Darkness grew out of a journey Joseph Conrad took up the Congo River; the verisimilitude that the great novelist thereby brought to his most famous tale everywhere enhances its dense and shattering power. Apparently a sailor’s yarn, it is in fact a grim parody of the adventure story, in which the narrator, Marlow, travels deep into the heart of the Congo where he encounters the crazed idealist Kurtz and discovers that the relative values of the civilized and the primitive are not what they seem. Heart of Darkness is a model of economic storytelling, an indictment of the inner and outer turmoil caused by the European imperial misadventure, and a piercing account of the fragility of the human soul.

Heart of Darkness Houghton Mifflin Harcourt

HEART OF DARKNESS * AN OUTPOST OF PROGRESS * KARAIN * YOUTH The finest of all Conrad’s tales, 'Heart of Darkness' is set in an atmosphere of mystery and menace, and tells of Marlow’s perilous journey up the Congo River to relieve his employer’s agent, the renowned and formidable Mr Kurtz. What he sees on his journey, and his eventual encounter with Kurtz, horrify and perplex him, and call into question the very bases of civilization and human nature. Endlessly reinterpreted by critics and adapted for film, radio, and television, the story shows Conrad at his most intense and sophisticated. The other three tales in this volume depict corruption and obsession, and question racial assumptions. Set in the exotic surroundings of Africa, Malaysia. and the east, they variously appraise the glamour, folly, and rapacity of imperial adventure. This revised edition uses the English first edition texts and has a new chronology and bibliography. An Outcast of the Islands Penguin

Heart of Darkness is a novella written by Polish-born writer Joseph Conrad (born Józef Teodor Konrad Korzeniowski). Before its 1902 publication, it appeared as a three-part series (1899) in Blackwood's Magazine. It is widely regarded as a significant work of English literature and part of the Western canon. This highly symbolic story is actually a story within a story, or frame narrative. It follows Marlow as he recounts, from dusk through to late night, his adventure into the Congo to a group of men aboard a ship anchored in the Thames Estuary. The story details an incident when Marlow, an Englishman, took a foreign assignment as a ferry-boat captain, employed by a Belgian trading company. Although the river is never specifically named, readers may assume it is the Congo River, in the Congo Free State, a private colony of King Leopold II. Marlow is employed to transport ivory downriver; however, his more pressing assignment is to return Kurtz, another ivory trader, to civilization in a cover up. Kurtz has a reputation throughout the region.

Homage to Catalonia is George Orwell's personal account of his experiences and observations fighting for the POUM militia of the Republican army during the Spanish Civil War. The war was one of the defining events of his political outlook and a significant part of what led him to write in 1946, "Every line of serious work that I have written since 1936 has been written, directly or indirectly, against totalitarianism and for Democratic Socialism, as I understand it." The first edition was published in the United Kingdom in 1938. The book was not published in the United States until February 1952, when it appeared with an influential preface by Lionel Trilling. The only translation published in Orwell's lifetime was into Italian, in December 1948. A French translation by Yvonne Davet-with whom Orwell corresponded, commenting on her translation and providing explanatory notes-in 1938-39, was not published until five years after Orwell's death. Book Summary: Orwell served as a private, a corporal (cabo) and-when the informal command structure of the militia gave way to a conventional hierarchy in May 1937-as a lieutenant, on a provisional basis, in Catalonia and Aragon from December 1936 until June 1937. In June 1937, the leftist political party with whose militia he served (the POUM, the Workers' Party of Marxist Unification, an anti-Stalinist communist party) was declared an illegal organisation, and Orwell was consequently forced to flee. Having arrived in Barcelona on 26 December 1936, Orwell told John McNair, the Independent Labour Party's (ILP) representative there, that he had "come to Spain to join the militia to fight against Fascism." He also told McNair that "he would like to write about the situation and endeavour to stir working class opinion in Britain and France." McNair took him to the POUM barracks, where Orwell immediately enlisted. "Orwell did not know that two months before he arrived in Spain, the [Soviet law enforcement agency] NKVD's resident in Spain, Aleksandr Orlov, had assured NKVD Headquarters, 'the Trotskyist organisation POUM can easily be liquidated'-by those, the Communists, whom Orwell took to be allies in the fight against Franco."
