General Introduction to the Study of Holy Scripture Wipf and Stock Publishers

In 1955 John D. W. Watts presented the faculty lectures at the Baptist Theological Seminary in Ruschlikon. Amos and prophetic studies have not been the same since. Three years later, in 1958, Vision and Prophecy in Amos appeared as an instant must in studies on Amos and on biblical prophecy in general. Watts' form-critical analysis of the visions of Amos became an immediate classic in its field. Long out of print, this new edition of Vision and Prophecy is available for all students and scholars of biblical prophecy. Moreover, Watts has added new material on Amos. He explores Amos forty years later both in terms of its literary whole and in the context of the Book of the Twelve.

Presented here, in paperback for the first time, is John Peter Lange's Theologischhomiletisches Bibelwerk. Intended to help preachers prepare sermons the commentary series is essentially biblical and evangelical catholic. This 19th century commentary has served as a standard reference for more than a century. Many early reviewers regarded Schaff's edition with his additional material as superior to the original. It has proven to be a complete and useful Commentary and continues to prove especially valuable to ministers. It contains critical annotations of the text and its translation, and a threefold commentary, exegetical, doctrinal, and homiletical. Under these three heads the text is viewed from every aspect.

My Call: The Prophetic Vision Thomas Nelson

Winner of the 2003 Nachman Sokol-Mollie Halberstadt Prize in Biblical/Rabbinic Scholarship presented by the Canadian Jewish Book Awards Maimonides and the Hermeneutics of Concealment demonstrates the type of hermeneutic that the medieval Jewish philosopher Moses Maimonides (1138-1204) engaged in throughout his treatise, The Guide of the Perplexed. By comprehensively

analyzing Maimonides' use of rabbinic and scriptural sources, James Arthur Diamond argues that, far from being merely prooftexts, they are in fact essential components of Maimonides' esoteric stratagem. Diamond's close reading of biblical and rabbinic citations in the Guide not only penetrates its multilayered structure to arrive at its core meaning, but also distinguishes Maimonides as a singular contributor to the Jewish exegetical tradition.

Rick Joyner says, "We have tended to over-focus on the end of the age-the end times. But this is not just the end, it's the beginning of a new age when Christ will rule over the earth! For the church to reclaim the high ground of hope for the future, we must begin to proclaim the beginning, the coming of the kingdom." In A Prophetic Vision for the 21st Century, Joyner discusses why revival tarries for America, what it means to be delivered from the Mark of the Beast, the rise and fall of America, the greatest awakening, a famine in the land, and practical ways to serve in the latter days. It includes encouragement for weary church leaders as well as the second part of The Hordes of Hell are Marching, illustrating the unified church rising as an army in the most pivotal battle of all time between the light and darkness.

One of the most telling events in the life of this Man of Destiny will not be found in any of our high school or college history texts. But it certainly should be! It is said to have taken place during the dread winter of 1777. This was a time when the Revolutionary War wasn't going well for the vastly outnumbered and ill-equipped Colonial forces. The Continental Army had been defeated in two major battles and British invaders occupied Philadelphia! Washington had retreated to the Pennsylvania plains. The situation was desperate! There was near famine! Temperatures fell far below zero! Winds blew with gale force. Soldiers with no shoes struggled barefoot in the snow and ice. Bloody footprints could be seen in the snow on the ground. Feet and legs froze until the turned black and were amputated. Morale was at an all time low. More than 3,000 patriots died that winter. Men had no blankets to wrap around their bodies while trying to sleep. Nor did many have clothing to cover

their bare bodies. Defeat and surrender were staring Washington in the face. Nevertheless, a great number of people believe that God chose this time of misery to give a prophetic vision to George Washington. The story of this remarkable event is fully covered herein.

Though we cannot see the wind, we know it by its effects and interpret it by its results. The same can be said for the work of the Hebrew prophets, who communicated God's vision of justice and faithfulness throughout the history of God's people. As they spoke of this vision, the wind was moving, giving us a hint of Jesus who was to come. This study focuses on the Hebrew prophets and their message of justice, calling readers to turn their attention to issues of justice in today's world. Each chapter explores a different prophet or prophets, highlighting how God's word through them challenged the Israelite people—and us—to live out God's vision of justice. These prophetic messages find their fulfillment in the life and ministry of Jesus, preparing the way for his teaching, healing, death, and resurrection. Readers will not merely study prophecies about Jesus, but will explore the continuity between the prophetic emphasis on justice and Jesus' proclamation of the kingdom of God. This Bible study is designed to be used by individuals and small groups during the season of Lent. In addition to the main content, each chapter offers questions for reflection and discussion, a brief prayer, and a focus for the week. The weekly focus emerges from the chapter content and encourages the readers to engage a spiritual practice or do something specific that will help them grow in faith.

Notes, Critical, Explanatory, and Practical on the Book of the Prophet Isaiah Xulon Press

The prophetic movements in church history and in contemporary life are fed by two mighty streams: the prophet, whose revelation is primarily verbal, and the seer, whose revelation is more visionary in

nature. While the role of the prophet is familiar, less is known about the seer dimension. To many people, these visionary prophets remain mysterious, otherworldly, and even strange. Knowledge dispels misunderstanding. Join author Jim W. Goll on an exciting and insightful journey into this lesser-known dimension—the visionary world of the seer. You will discover the prophetic power of dreams, visions, and life under the open heavens. How does visionary revelation "happen?" Can it be trusted? Where does it fit into the life of the church today? Can any believer become a seer, or is this a prophetic dimension reserved for the specially-gifted? The Seer answers these questions and will move your heart and stir up your hunger for intimacy with God, because The Seer's goal is to reveal the man Christ Jesus!

'End Time Prophecy' focuses on the core messages of the books of Daniel and Revelation, which are enshrined in the Holy Bible. Although they were written hundreds of years apart, these two books chronicle events that should characterize socio-political, economic and religious life on this planet-earth. While history proves that several of the prophetic messages in both books have already been fulfilled, we are all witnesses of the current world order that synchronizes with some of these revelations. This gives credence to the authenticity of the books of Daniel and Revelation so that there is every reason to believe that the future of our world is already determined and encoded in these prophecies. In 'End Time Prophecy' Dr. Fred Opoku-Gyimah the author, unveils the hidden truths behind these prophetic scriptures that often pose a challenge to Christians as well as Bible Scholars alike. He carefully analyses each of these prophecies by invoking relevant scriptural principles as well as significant historical and current affairs to bring clarity to the reader. Rev. Dr. Opoku-Gyimah is the Chancellor of Immanuel Bible Institute & Seminary, General Overseer of Pentecostal Redeemer's Temple Inc. both in New York, as well as General Overseer of Born Again Believer's Ministries in Ghana. He holds a Bachelor of Arts Degree in Biblical Studies, Doctorate Degree in Ministry, Master of Arts Degree in Christian Education, a Doctorate Degree in Divinity from Canon Bible College and Seminary. He holds a Master of Religious Arts Degree in Theology and a Doctorate Degree in Theology from Jacksonville Theological Seminary. For over 22 years he has served as a Pastor and an authority in SPIRITUAL WARFARE and END TIMES. He is married to Mrs. Margaret Opoku-Gyimah and blessed with three children - Leticia, Ebenezer and Emmanuel.

The dynamic of Church life is about to change. Both in its role, and the way the Church is perceived, there will be a complete change. The New Testament of our Lord and Saviour Jesus Christ: The general epistles and the book of Revelation Chalice Press

From the Preface: There are indeed few books in the Bible where the modern student does not need deft guidance if reading is to prove profitable. In the case of the Book of Revelation that need becomes absolutely essential. When the average student takes up this book, almost without exception the going is tough, the language baffling, the sense of profit minimal. This situation represents a curious reversal, for in earlier centuries no other part of Scripture so greatly intrigued the imagination of Christendom or so greatly fascinated its painters and musicians The book at hand is designed to restore the Apocalypse to its rightful place in Christian thinking. The title asserts a continuing conviction: John as a prophet actually saw a new earth. The ordinary ways of perceiving reality had been radically altered by his faith in Christ.... Even moderns., in their traffic with the earth, have accessible a greater diversity of visions than they suppose. The ancient prophet may still have power to enable us to see a new earth. Such at least is the premise that prompted the publication of this book.

Using the method of intertextuality, Adrian Leske has traced the growth of the prophetic vision from Amos to the Exile, demonstrating how, after the Exile, the dominant influence on that vision down to the time of Jesus is the positive and new message of Deutero-Isaiah. With opposition from the Zadokite priesthood, and exploitation from foreign rulers, the prophetic and Levite communities find refuge in Upper Galilee and surrounding areas. Using the Gospel of Matthew, the most Jewish of the Gospels, Leske demonstrates how that vision impacted the teaching of Jesus to these communities and how he perceived his mission as the Servant/Son of man. Understanding this prophetic vision and the Jewish nature of Matthew's Gospel brings new insights to Matthean Christology, as well as the authorship and date of that Gospel in relation to the other Gospels.

In the first meeting of the Relief Society, Sister Emma Smith said, "We are going to do something extraordinary." She was right. The history of Relief Society is filled with examples of ordinary women who have accomplished extraordinary things as they have exercised faith in Heavenly Father and Jesus Christ. Relief Society was established to help prepare daughters of God for the blessings of eternal life. The purposes of Relief Society are to increase faith and personal righteousness, strengthen families and homes, and provide relief by seeking out and helping those in need. Women fulfill these purposes as they seek, receive, and act on personal revelation in their callings and in their personal lives. This book is not a chronological history, nor is it an attempt to provide a comprehensive view of all that the Relief Society has accomplished. Instead, it provides a historical view of the grand scope of the work of the Relief Society. Through historical accounts, personal experiences, scriptures, and words of latter-day prophets and Relief Society leaders, this book teaches about the responsibilities and opportunities Latter-day Saint women are given in Heavenly Father's plan of happiness.

Most New Testament (NT) introductions, because of page limitations and other reasons, tend to minimize their treatment of the last nine books of the Christian Bible (from Hebrews to Revelation). The focus in these introductions is often on the four Gospels and the Letters of Paul. As important as

these books are, one should not neglect, with only a brief survey, the treatment of Hebrews, the General Letters, and the book of Revelation. The title given later to the collection--Catholic Epistles or General Letters--is a reminder of its general appeal to the whole church, despite its slow "canonical" recognition and authorship issues. Nevertheless, these writings from Hebrews to Revelation continue to capture our attention and ignite our imagination. My purpose for this book is to supplement my NT introduction and others like it with a focus on specific questions about each book from Hebrews to Revelation: -When and why was each book written? -By whom and to whom was each book written? -What are some special features of each book? -How soon (or late) was each book included in the NT collection? Answers to many of these questions are tentative. The "assured results of scholarship" are in continual need of reevaluation. Since the 1980s a host of diverse studies have emerged, and I have endeavored to include them when they are relevant to the discussion.

In this volume Floyd presents a complete form-critical analysis of the last six books in the Minor Prophets: Nahum, Habakkuk, Zephaniah, Haggai, Zechariah, and Malachi. By looking carefully at the literary genre and internal structure of each book, Floyd uncovers the literary conventions that help shape the composition of these prophetic books in their final form. His approach yields fresh views of how the parts of each book fit together to make up the whole — particularly with respect to Nahum, Haggai, and Malachi — and provides a basis for reconsidering how each book is historically related to the time of the prophet for whom it is named. This work will be useful to scholars because it advances the discussion regarding the holistic reading of prophetic books, and useful to pastors and students because it shows how analysis of literary form can lead to a more profound understanding of the messages of the Minor Prophets.

Biblical teaching and theological formation for those who have a calling from God to prophetic ministry. A book that will help to better understand the ministry of a prophet, especially for those who desire to exercise this ministry with greater knowledge and responsibility. There is a need in the Church for a broader, biblical appreciation about prophetic ministry in order to avoid possible sidetracks or extremes that can affect not only the credibility, but also the very ministerial stability of those who practice this ministry. In an extraordinary chapter, the author recounts actual

prophecies that were given in Venezuela in the past, prior to the difficult situation the country faces today.

Nevertheless, a great number of people believe that God chose this time of misery to give a prophetic vision to George Washington. There was little hope for victory that day during the winter of 1777. American forces were desperately fighting against the British, at the time the most powerful nation in the world. Did it happen that the great General momentarily dozed and dreamed while sitting in his headquarters at Valley Forge? Or did he have an angelic visit through a daydream? This is the time when George Washington is purported to have had a vision that described the future of the Republic - included were victory in the Revolutionary War; the fighting between Americans in a Civil War; and a World War yet to come. The story of Washington's visionary dream was in the beginning published in the National Tribune in 1859 and subsequently reprinted in other publications including The Stars and Stripes. It was initially described to a reporter named Wesley Bradshaw by an officer (Anthony Sherman) who claims to have served under General Washington at Valley Forge during the winter of 1777.

Vision and Prophecy in Amos Wipf and Stock Publishers

The Old Testament prophetic books play a key role in revealing God's plan of salvation. They occupy a significant portion of the biblical canon, similar in size to the entire New Testament. Yet most believers stay clear of this part of Scripture. They avoid traveling through this forest of oracles and

visions. Many preachers also struggle to navigate this unfamiliar territory. Preachers feel much more at ease unpacking the intricate arguments of the Pauline epistles or following the thrilling adventures of biblical narratives rather than exploring the prophetic books. The church, however, needs to hear and respond to the beauty, depth, and relevance of the prophetic message. This book not only provides convincing reasons for preaching the prophets today but also offers concrete guidelines to empower preachers (small group leaders, youth workers, etc.) to communicate the message of the prophets with hermeneutical precision, theological depth, genre sensitivity, and pastoral pulse. This book motivates and equips preachers to travel with confidence through this uncharted territory and to help God's people enjoy the scenery of this part of God's word.

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1899 edition. Excerpt: ... Some of the Claims of Mormonism Examined. The Claim that the Historical Church Rejects the Spirit of Prophecy and Miracles. The Christian Church has never taught that there was no more need of prophets; on the contrary, it teaches that the spirit of prophecy is general in proportion as the individual is conscious of God and filled with the Holy Spirit. The Holy Spirit, knowing all the past and all the future, makes clear to the consciousness of the Church these things, in proportion to the receptibility of the believers. The historical Church, then, is not dependent upon any single man for its prophetic vision. The day of Pentecost passed, the Holy Spirit poured out, every believer is entitled to enjoy the great visions of the future, if he will only live and become absorbed in the idea of the new creation, --live in the dispensation of the Holy Spirit; as the great apostle says: "Desire earnestly spiritual gifts, but rather that ye may prophesy" (I Cor. 14: 1). The very fact, as stated by Orson Pratt in "Divine Authority," page 14, that miraculous evidence is not infallible, is the best argument why the Christian Church should not, and can not, rest upon carnal miracles; and that while everything is possible to him who has sufficient faith, the Church must, and can, exist without carnal miracles being an essential part of it. The claim of Mormonism, that the historical Church rejects prophesy and miracles, is a manufactured and false accusation. Upon such sweeping, but unproven, statements Mormonism builds a defense that is made to appear plausible to everyone who is not in the closest touch with Christian consciousness in history. Its claim, for instance, that the Christian CLAIMS OF MORMONISM EXAMINED. 23 Church does not believe in...
