From one of the most respected
economic thinkers and writers of our

time, a brilliant argument about the history and future of economic growth. The years since the Great Crisis of 2008 have seen slow growth, high unemployment, falling home values, chronic deficits, a deepening disaster in Europe—and a stale argument between

two false solutions, “austerity” on one side and “stimulus” on the other. Both sides and practically all analyses of the crisis so far take for granted that the economic growth from the early 1950s until 2000—interrupted only by the troubled 1970s—represented a normal performance. From this perspective, the crisis was an interruption, caused by bad policy or bad people, and full recovery is to be expected if the cause is corrected. *The End of Normal* challenges this view. Placing the crisis in perspective, Galbraith argues that the 1970s already ended the age of easy growth. The 1980s and 1990s saw only uneven growth, with rising inequality within and between countries. And the 2000s saw the end even of that—despite frantic efforts to keep growth going with tax

cuts, war spending, and financial deregulation. When the crisis finally came, stimulus and automatic stabilization were able to place a floor under economic collapse. But they are not able to bring about a return to high growth and full employment. In *The End of Normal*, “Galbraith puts his pessimism into an engaging, plausible frame. His contentions deserve the attention of all economists and serious financial minds across the political spectrum” (Publishers Weekly, starred review).

Indian Depredations in Texas

Government Printing Office

Vols. include the proceedings (some summarized, some official stenographic reports) of the National Wholesale Druggists' Association (called 18 -1882, Western Wholesale Druggists' Association) and of other similar organizations.

Early Settlers of New York State: Their Ancestors and Descendants, Volumes I-VI (PART I - i-iii) Simon & Schuster

In Cara Robertson's "enthraling new book," *The Trial of Lizzie Borden*, "the reader is to serve as judge and jury" (The New York Times). Based on twenty years of research and recently

unearthed evidence, this true crime and legal history is the “definitive account to date of one of America’s most notorious and enduring murder mysteries” (Publishers Weekly, starred review). When Andrew and Abby Borden were brutally hacked to death in Fall River, Massachusetts, in August 1892, the arrest of the couple’s younger daughter Lizzie turned the case into international news and her murder trial into a spectacle unparalleled in American history. Reporters flocked to the scene. Well-known columnists took up conspicuous seats in the courtroom. The defendant was relentlessly scrutinized for signs of guilt or innocence. Everyone—rich and poor, suffragists and social conservatives, legal scholars and laypeople—had an opinion about Lizzie

Borden’s guilt or innocence. Was she a cold-blooded murderess or an unjustly persecuted lady? Did she or didn’t she? An essential piece of American mythology, the popular fascination with the Borden murders has endured for more than one hundred years. Told and retold in every conceivable genre, the murders have secured a place in the American pantheon of mythic horror. In contrast, “Cara Robertson presents the story with the thoroughness one expects from an attorney...Fans of crime novels will love it” (Kirkus Reviews). Based on transcripts of the Borden legal proceedings, contemporary newspaper accounts, unpublished local accounts, and recently unearthed letters from Lizzie herself, *The Trial of Lizzie Borden* is “a fast-paced, page-turning read”

(Booklist, starred review) that offers a window into America in the Gilded Age. This “remarkable” (Bustle) book “should be at the top of your reading list” (PopSugar).

Colonial Southern Homes Legare Street Press

This is the most unified work on the ethnic origins of the Communist Revolution in Russia and the greatest Holocaust in the history of mankind. It documents the ethnic tribalism that drove Soviet Communism and the Communist Internationale. This book shows how a Zionist publication, YNETNEWS, identifies Genrikh Yagoda as the Soviet leader who murdered at least 10 million people. He killed twice the number of victims alleged in the Jewish Holocaust but not one in a thousand

people know of him. Dr. Duke argues that the media silence is related to what YNETNEWS reveals to its readers in Israel: Yagoda and his deputies were Jews. That Hollywood and the media conglomerates which hide the crimes of Communism are in fact dominated by the same tribal loyalties. Dr. Duke documents the Jewish role in Communism from its germination with Karl Marx and Moses Hess to the seizure of Russia and Eastern Europe and its satellite organizations in America and Britain, South Africa and even in early Communist China. The Secret Behind Communism incorporates the research of the author along with Nobel prizewinner Aleksandr Solzhenitsyn, Frank Britton and others. The great Russian patriot Aleksandr Solzhenitsyn

who himself suffered greatly in the Jewish-run Gulags, stated these powerful words: "You must understand. The leading Bolsheviks who took over Russia were not Russians. They hated Russians. They Hated Christians. Driven by ethnic hatred they tortured and slaughtered millions of Russians without a shred of human remorse..." This book brings the historical evidence together. It has key translations from Solzhenitsyn's book *Two Hundred Years Together*, a book never translated into English by the globalist media. Dr. Duke reveals that Jewish tribalist support for Communism has subsumed into Zionism. Jewish Trotskyite remnants have heavily influence progressive, and surprisingly, even conservative expressions through the neoconservatism that Trotskyites

such as Leo Strauss, founded. It further shows that the same ethnic tribalist, genocidal mindset in Communism is present in Zionism and globalism and is just as much an enemy and threat to human rights and life as historical Soviet Communism.

The Oil Trade Journal Sevenhorns Publishing

Comprising a complete alphabetical list of all business firms and private citizens, a classified business directory, and a miscellaneous directory of city and county officers, churches, public and private schools, benevolent, literary and other associations, banks, insurance co's, &c., and a variety of other useful information, also, a complete post office directory of Indiana.

Henry is no ordinary pig ... He is a green zebra-pig! "What kind of animal are you?" moored Casey the Cow. "And what kind of name is Henry, anyhow?" Henry is excited to meet all the animals at his new home, but what will they think of this newcomer to the farm? Henry is so different; it will take a special event for the animals to realize that he is amazing just the way he is! How will Henry fit in on a farm with ordinary animals, when his stripes make him stand out from the crowd? Find out how Henry shows off his unique green stripes and proves being

different is awesome in Henry the Green Zebra-Pig, a delightful new children's picture book from teacher, author, and illustrator Christina Leigh Daly.
