Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

American Motorcyclist Tony Foale

Bill Snelling reflects on his lifetime passion for two-wheeling in this entertaining, motorcycle-themed autobiography. He recalls the decades of motorcycling mayhem, mud and madness that have characterised his 70-odd years living the dream, from the early days at Arthur Lavington's Velo shop to pounding the long-distance trials and the many race circuits he has ridden. Bill admits he was better off-road than on tarmac, but he did win one race! He went on to work for Motorcycle Sport magazine, and as a dispatch rider, before moving permanently to the Isle of Man. A great read for anyone interested in British motorcycle sports.
