Clueless: Senior Year Fodors Travel Publications

In the latest novel from a master of European crime fiction, past, present, and future collide on a breathtaking journey from 1950s Morocco to modern-day Spain and Sweden. Miguel and Helena meet at a nursing home in Tarifa, at an age when they believe they have lived it all already. Distanced from their children, they feel they are no longer needed. The sudden suicide of one of the other residents opens their eyes. They don't want to spend their last days longing for supposedly better times, so together they decide to undertake the journey of their lives and confront the darkness in their pasts. Meanwhile, in the distant Swedish city of Malmö, the young Yasmina, a child of Moroccan immigrants who dreams of being a singer, lives trapped between her authoritarian grandfather and her contemptuous mother, who is ashamed

of Yasmina because she works for a Swede with a murky reputation. And she's having a secret affair with the Deputy Commissioner of the Swedish police, an older, influential man. As Yasmina is drawn deeper into Malmö's criminal underworld and Miguel and Helena approach the end of their feverish road trip, Víctor del Árbol masterfully reconstructs the history of violence that links their seemingly disparate lives.

Private Peaceful relives the life of Private Tommo Peaceful, a young First World War soldier awaiting the firing squad at dawn. During the night he looks back at his short but joyful past growing up in rural Devon: his exciting first days at school; the accident in the forest that killed his father; his adventures with Molly, the love of his life; and the battles and injustices of war that brought him to the front line. Winner of the Blue Peter Book of the Year, *Private Peaceful* is by the third Children's Laureate, Michael Morpurgo, award-winning author of *War Horse*. A doctor on the front lines of hospital care illuminates one of the most important and controversial social issues of our time. It is harder to die in this country than ever before. Though the vast majority of Americans would prefer to die at home—which hospice care

provides—many of us spend our last days fearful and in pain in a healthcare system ruled by high-tech procedures and a philosophy to “fight disease and illness at all cost.” Dr. Ira Byock, one of the foremost palliative-care physicians in the country, argues that how we die represents a national crisis today. To ensure the best possible elder care, Dr. Byock explains we must not only remake our healthcare system but also move beyond our cultural aversion to thinking about death. *The Best Care Possible* is a compelling meditation on medicine and ethics told through page-turning life-or-death medical drama. It has the power to lead a new national conversation.

This special issue entitled “Soft and hard tissue regeneration” will cover both periodontal and implant therapies. Regenerative periodontal treatment goal is to restore functional periodontal support offering a valuable treatment alternative even for teeth with large periodontal destruction, which may be successfully treated and maintained in health for long periods. In most cases where teeth are extracted for periodontal reasons, implant therapy will demand large bone augmentation procedures. Lack of sufficient bone volume may prevent placement of dental implants. In extreme cases, large bone reconstruction is indispensable before implant placement can be performed. Although, most bone grafts are only able to fill and maintain a space, where bone regeneration can occur (“osseointegrative”), the ideal bone graft will also promote osseous regeneration (“osseoinductive”). Several bone augmentation procedures have been described, each, presenting advantages and shortcomings. Success of bone augmentation procedures

depends on the presence of bone forming cells, primary wound closure over the augmented area, space creation and maintenance where bone can grow and proper angiogenesis of the grafted area. Factors that influence the choice of the surgical technique are the estimated duration of surgical procedure, its complexity, cost, total estimated length of procedure until the final rehabilitations may be installed and the surgeons’ experience. This special issue will have a definite clinical orientation, and be entirely dedicated to soft and hard tissue regenerative treatment alternatives, both in periodontal and implant therapy, discussing their rationale, indications and clinical procedures. Internationally renowned leading researchers and clinicians will contribute with articles in their field of expertise.

The first full-length biography of Sarah Winchester, the subject of the movie Winchester starring Helen Mirren. Since her death in 1922, Sarah Winchester has been perceived as a mysterious, haunted figure. After inheriting a vast fortune upon the death of her husband in 1881, Sarah purchased a simple farmhouse in San José, California. She began building additions to the house and continued construction on it for the next twenty years. A hostile press cast Sarah as the conscience of the Winchester Repeating Arms Company—a widow shouldering responsibility for the many deaths caused by the rifle that brought her riches. She was accused of being a ghost-obsessed spiritualist, and to this day it is largely believed that the

extensive construction she executed on her San José house was done to appease the ghouls around her. But was she really as guilt-ridden and superstitious as history remembers her? When Winchester's home was purchased after her death, it was transformed into a tourist attraction. The bizarre, sprawling mansion and the enigmatic nature of Winchester's life were exaggerated by the new owners to generate publicity for their business. But as the mansion has become more widely known, the person of Winchester has receded from reality, and she is only remembered for squandering her riches to ward off disturbed spirits. Captive of the *Labyrinth: Sarah L. Winchester, Heiress to the Rifle Fortune* demystifies the life of this unique American. In the first full-length biography of Winchester, author and historian Mary Jo Ignoffo unearths the truth about this notorious eccentric, revealing that she was not a maddened spiritualist driven by remorse but an intelligent, articulate woman who sought to protect her private life amidst the chaos of her public existence. The author takes readers through Winchester's several homes, explores her private life, and, by excerpting from personal correspondence, gives the heiress a voice for the first time since her death. Ignoffo's research reveals that Winchester's true financial priority was not dissipating her fortune on the mansion in San José but investing it for a philanthropic legacy. For too long Sarah Winchester has existed as a ghost herself—a woman whose existence lies somewhere between the facts of her life and a set of sensationalized recollections of who she may have been. Captive of the *Labyrinth* finally puts to rest the myths about this remarkable woman, and, in the process, uncovers the legacy

she intended to leave behind. *Fodor's 2007 Mexico* Simon and Schuster Now a major motion picture streaming on Netflix! Within minutes they are disoriented, in deeper than seems possible, and they've lost one another. The boy's cries are more and more desperate. In *Seven Ways We Lie*, a chance encounter tangles the lives of seven high school students, each resisting the allure of one of the seven deadly sins, and each telling their story from their seven distinct points of view. The juniors at Paloma High School all have their secrets, whether it's the thespian who hides her trust issues onstage, the closeted pansexual who only cares about his drug-dealing profits, or the neurotic genius who's planted the seed of a school scandal. But it's Juniper Kipling who has the furthest to fall. No one would argue that Juniper—obedient daughter, salutatorian, natural beauty, and loyal friend—is anything but perfect.

Everyone knows she's a saint, not a sinner; but when love is involved, who is Juniper to resist temptation? When she begins to crave more and more of the one person she can't have, her charmed life starts to unravel. Then rumors of a student-teacher affair hit the fan. After Juniper accidentally exposes her secret at a party, her fate falls into the hands of the other six sinners, bringing them into one another's orbits. All seven are guilty of something. Together, they could save one another from their temptations—or be ruined by them. Riley Redgate's twisty YA debut effortlessly weaves humor, heartbreak, and redemption into a drama that fans of Jenny Han and Stephanie Perkins will adore.

This book provides an up-to-date, in-depth survey of 21st-century Spanish horror film and media, exploring both aesthetics and industrial dynamics. It offers detailed analysis of contemporary films and TV series as well as novel approaches to key works within the history of Spanish cinema. While addressing the specificities of the Spanish landscape, this volume also situates the national cinematic output within the international arena, understanding film production and reception as continuously changing processes in which a variety of economic, social and cultural factors intervene. The book first analyzes the main horror trends emerging in the early 2000s, then approaches genre hybridization and the rise of new filmmakers since the 2010s with a special focus on gender issues and the reconfiguration of the past, before addressing the impact of streaming services within the Spanish film panorama, from a production and distribution standpoint. This book will be of keen interest to scholars and students in the areas of film studies, media studies, TV studies, horror, Spanish cultural studies and production studies.
