MATTEO ALEX

A Dictionary of the Asante and Fante Language Called Tshi (Chwee, Tŵi) Hans Zell
"Traces the development of numerical systems in Sumerian, Egyptian, Greek, Roman, Chinese, Babylonian, and Mayan cultures, and examines the origins of the Hindu-Arabic numerals we use today"--Back cover.

A Dictionary of the Yoruba Language Nam H Nguyen

This book examines the natural language numeral systems through generative grammar with specific examples in seven languages.

Onka - Numbers Cambridge University Press

Does two and two equal four? Ask someone and they should answer yes. An equation such as this seems the very definition of certainty, but is it? In this book, Helen Verran addresses precisely that question.

Òwè l'ẹ̀şin ọ̀rọ̀ Spears Media Press

Based upon the nineteenth century standard work on the Yoruba language, and first ever English-Yoruba, Yoruba-English dictionary, this new edition has been revised and enlarged considerably. The dictionary contains about 50,000 references and translations; Yoruba pronunciation guidance; examples of how words are used; contemporary meanings and interpretations; and reference to grammatical usage and parts of speech. There is also an extensive list of commonly occurring birds, plants and trees, translated from Yoruba into English alongside their botanical equivalents.

My First Yoruba Alphabets Picture Book with English Translations ABC-CLIO

What are the origins of table manners? What are the politics of cannibalism? Why is the left hand thought to be sinister? These apparently unrelated questions all hinge on the fundamental notion of taboo. Far from being peripheral leftovers from distant times and places, taboos are a crucial part of any society, determining how people must and must not behave. The Encyclopedia of Taboos is a mine of unusual information from around the world, including a comprehensive analysis of individual taboos from the ancient world to the present day, covering both well- and lesser-known examples.

Tani Mo Je? Walter de Gruyter GmbH & Co KG

Learning and mastering the Yoruba language with your child can be fun. This is a tool to help stimulate conversations about culture, traditions and language. This book will help facilitate the

passing of the Yoruba language to next generation during these times of westernization and cultural homogenization. This book will help teach counting from 1 to 10 using high quality original illustrations and familiar themes associated with the Yoruba people and Nigeria in general. This isn't merely a book that translates generic multilingual stories, it combines authentic Yoruba culture and language to teach the subject.

The Century Dictionary and Cyclopedia Lulu.com

This book emanated from a need to teach our your children basic yoruba words in a format similar to what is obtained in English learning materials. It aims to introduce basic cultural practices and words to learners of all ages. Users of this book will learn beautiful nuggets about our African culture, read select folklore stories, all while learning basic words in an audio format with vividly illustrated visuals. We hope you enjoy and share this book with family and friends. Together, let us continue to promote and preserve our beautiful culture, and language.

The Radio and Other Stories Indiana University Press

AL QUR'AN ALAPONLE PELU ITUMO RE NI EDE YORUBA

Essentials of Yoruba Grammar CSS Limited

On moving into a new apartment abroad in his Bavarian hometown, the narrator realises that some of his possessions and elements of his new neighbourhood open a window into a flurry of memories, serving as allegorical threads to his childhood, self-consciousness and discovery of the world. What begins as a personal narrative quickly cedes to a social archaeology, inviting the reader/listener on a homegoing journey in the backdrop of Cameroon's tottering democratic trajectory. Modulated with poetry and music, The Radio tunes in to diaspora, home, nation, education, existence, religion as well as Mbum popular culture, showcasing creative re-appropriation and re-mixing of global trends and icons in specific communities.

The Century Atlas of the World African Books Collective

This book helps children become more aware of who they are by questioning what they like to do and who they want to be. For example, they may want to be kind, loving, respectful, tidy, fun and courteous towards others.

Elements of Comparative Philology

À'sun is a brilliant deity whose imagery and worldwide devotion demand broad and deep scholarly reflection. Contributors to the ground-breaking *Africa's Ogun*, edited by Sandra Barnes (Indiana University Press, 1997), explored the complex nature of Ogun, the orisa who transforms life through iron and technology. À'sun across the Waters continues this exploration of Yoruba religion by documenting À'sun religion. À'sun presents a dynamic example of the resilience and renewed importance of traditional Yoruba images in negotiating spiritual experience, social identity, and political power in contemporary Africa and the African diaspora. The 17 contributors to À'sun across the Waters delineate the special dimensions of À'sun religion as it appears through multiple disciplines in multiple cultural contexts. Tracing the extent of À'sun traditions takes us across the waters and back again. À'sun traditions continue to grow and change as they flow and return from their sources in Africa and the Americas.

History of each Country around the World in Yoruba

First published in 1921, and cited on the *Africa's Best 100 Books List*, this is a standard work on the history of the Yorubas from the earliest times to the beginning of the British Protectorate. The first part of the book discusses the people, their country and language, religion, government, land law, manners and customs. The second part is divided into four periods, dealing first with mythological kings and deified heroes; with the growth, prosperity and oppression of the Yoruba people; the time of revolutionary wars and disruption; and, finally, the arrest of disintegration, inter-tribal wars, and the coming of the British. There are two appendices, on dealing with treaties and agreements, the other giving tables of Yoruba kings, rulers, and chiefs. The book also includes an index and map of the Yoruba country.

Yoruba Orature and Literature

In important respects, this book represents an independent approach to Yoruba grammar. It attempts to present the Yoruba language as it really is, rather than as seen largely from the perspective of other languages. The grammatical structure of the language is thus presented in a new way. The major parts of speech of the language are, for the first time, established uniformly on the criteria of function alone. A chapter is devoted to a systematic and novel treatment of each such part of speech, related both to the wide array of sentence types, and to its sounds and the way they are combined in words.

A Grammar of the Kafir Language

AL QUR'AN ALAPỌNLE PẸLU ITUMỌ RẸ NI EDE YORUBA
