Little, Brown  
Dante  
Valentine,  
Necromancer  
and bounty  
hunter, just  
wants to be  
left alone. But  
the Devil has

other ideas.  
The Prince  
wants Dante.  
And he wants  
her now. And  
Dante and her  
lover,  
Japhrimel,  
have no

choice but to answer the Prince's summons. And to fulfill a seemingly simple task: become the Devil's Right Hand, hunt down four demons that have escaped from Hell, and earn His gratitude. It's a shame that nothing is ever easy when it comes to the Devil. Because of course, he doesn't tell Dante the whole truth: there is a rebellion brewing in Hell. And there is a good chance	that Lucifer is about to be pushed off the throne. But Dante is getting really tired of being pushed around. And this time, she might be angry enough to take on the Devil himself... Mobbed Open Road Media Disponible dans la série Espionnes Katja & Ahava : Projet Russie Katja, de nouveaux horizons Université de Colombie-Britannique, Vancouver Après un voyage mouvementé qui la conduit de Moscou à Ankara (Katja & Ahava : Projet Russie Amazon Kindle), Katja von Lipzig, originaire d'Allemagne de l'Est, arrive en Colombie-Britannique, en août 1980. Iouri Andropov qui dirige le KGB, un des plus puissants services de renseignement au monde, l'a chargée de créer à Vancouver un fonds d'investissement pour placer dans les plus grandes entreprises américaines

de haute technologie, l'argent détourné des ventes de pétrole russe. Les dirigeants du KGB qui s'attendent à ce que la Russie vive dans les années à venir une crise économique grave et profonde redoutent que l'écroulement du régime communiste conduise à leur disparation. Ils veulent pouvoir survivre à cette crise et faire renaître le KGB en rapatriant ces centaines de

millions de dollars le moment venu. Les connaissances en mathématiques, finance et informatique, que la jeune espionne russe a acquises tant à l'université de Moscou qu'au sein du prestigieux Institut des systèmes informatiques d'URSS (VNIIPAS), doivent lui permettre de s'intégrer rapidement à son nouvel environnement. Ainsi Katja va accéder au monde des services

secrets américains qu'elle n'aurait jamais pensé pouvoir pénétrer. Elle devra à nouveau faire preuve de courage et de détermination face aux nombreux obstacles qu'elle aura à surmonter. À Vancouver comme à Seattle, elle ne pourra compter que sur elle-même. Alors qu'elle tente de se construire une nouvelle existence en Amérique du Nord, Katja von Lipzig va découvrir que

ses rapports à la vie et la sexualité sont bouleversés par les nouvelles rencontres qu'elle va faire. De nouveaux horizons, beaucoup plus agréables en même temps que plus risqués que ceux qu'elle avait pu connaître à Moscou, vont s'ouvrir à elle, l'obligeant à remettre en cause ses certitudes.  Les services de renseignement russes ont désigné la jeune et brillante mathématicienne et informaticienne et Katja von Lipzig pour diriger des opérations d'investissement dans les principales sociétés high-tech nord-

américaines à partir de l'université de Colombie-Britannique. Lors de son voyage qui la conduit de Moscou à Vancouver en passant par Ankara, Katja va devoir mettre sa vie en danger à plusieurs reprises pour arriver à surmonter nombre d'épreuves dangereuses et agressions violentes. Sa rencontre avec une jeune Canadienne en Turquie lui permettra de vivre une brève et

intense histoire d'amour qu'elle espérera poursuivre une fois installer au Canada. Sans que Katja le sache, sa mission va interagir avec celle d'un agent de renseignemen t israélien, Ahava Leibovitch, qui a été envoyée à Paris pour éliminer le responsable du projet nucléaire irakien. Pour affronter les services secrets français et irakiens, l'agent	israélien ne pourra s'appuyer que sur son collègue et amant. Mais la rencontre avec une jeune avocate franco- américaine va venir bouleverser tous les plans de l'espionne israélienne. Ce s deux officiers de renseignemen t, russe et israélien, veulent vivre intensément leur existence et recherchent une certaine jouissance en affrontant de multiples dangers. Si dans l'action, ces deux	jeunes femmes se ressemblent, dans leur rapport au sexe, elles divergent totalement. Alo rs qu'Ahava multiplie les aventures sans lendemain avec des hommes comme avec des femmes, Katja pense que l'amour se limite à la fidélité envers sa compagne du moment. Mais, dès que cela pourra servir à la réalisation de sa mission, Katja n'hésitera pas une seconde à manipuler et à

that connects us all. Growing up in Tehran in the 1960s, Terence Ward and his brothers were watched over by Hassan, the family's cook, housekeeper, and cultural guide. After an absence of thirty years and much turmoil in Iran, Ward embarks on a quixotic pilgrimage with his family in search of their lost friend. However, as they set out on this improbable quest with no address or phone

number, their only hope lies in their mother's small black and white photograph taken decades before. Crossing the vast landscape of ancient Persia, Ward interweaves its incredibly rich past, while exploring modern Iran's deep conflicts with its Arab neighbors and our current administration . Searching for Hassan puts a human face on the long-suffering people of the Middle East

with this inspirational story of an American family who came to love and admire Iran and its culture through their deep affection for its people. The journey answers the question, "How far would you go for a friend?" Including a revised preface and epilogue, this new and updated edition continues to demonstrate that Searching for Hassan is as relevant and timely as ever in

shaping conversations and ways of thinking about different cultures both in the US and around the world. *Babayaga* Harper Collins 50 Science Ideas You Really Need to Know is your guide to the biggest questions and deepest concepts from across the whole of science. What was the Big Bang? How did life on Earth arise? What does quantum mechanics tell us about the universe? Is

true artificial intelligence possible? And does life exist on other planets? Moving from the basics of atoms and molecules, Newton's laws of physics and the building blocks of life to the cutting edge of nanotechnology, Einstein's theories of relativity and cloning, this book makes the many worlds of science accessible and illuminating. Featuring fifty concise, insightful and illustrated essays

covering physics and astronomy, Earth and life sciences, chemistry and materials, psychology and computing, and exploring the ways they connect with each other and impact on our lives, 50 Science Ideas You Really Need to Know is the ideal introduction to the questions which fascinate us all. At Winter's End HarperCollins UK LAPD Detective Harry Bosch

tackles three tough cases that span a legendary career in this never-before-collected trio of stories. In "Christmas Even," the case of a burglar killed in mid-heist leads Bosch to retrace a link to his past. In "Father's Day," Bosch investigates a young boy's seemingly accidental death and confronts his own fears as a father. In "Angle of Investigation," Bosch delves into one of the first homicides he ever

worked back as a uniformed rookie patrolman, a case that was left unsolved for decades. Together, these gripping stories span Bosch's controversial career at the LAPD, and show the evolution of the haunted, legendary investigator he would become. Utterly unputdownable, they are proof that "Connelly never stops doling out the suspense....Once it grabs you in those first

few pages, it won't let go of you" (Boston Globe). Katja, de Nouveaux Horizons Simon and Schuster Wedding bells are ringing, but not for Agatha Raisin in this irresistible new adventure by "New York Times"-bestselling author Beaton. Martin's Press. *Projet Russie* Katja, de Nouveaux Horizons Orca Book Publishers After seven hundred thousand

years underground, a tribe emerges to a frozen Earth, in this novel from the Hugo and Nebula Award-winning author. The time of falling death stars ushered in the Long Winter—eons of cold that caused plants and animals to vanish from Earth and drove people to take refuge in underground cocoons. Human ingenuity had never faced a greater challenge. For seven hundred

thousand years, generation after generation was born and died below the Earth's surface. But now, one small tribe is sensing change. Chieftain Koshmar is sure that the New Springtime is near, so she leads her people above ground to explore the new world that awaits. The unfamiliar Earth, still a frozen shell of its former self, will test their mettle in every way,

leading the people of the tribe to the brink of their destiny—or to their doom. At Winter's End is the first book of the New Springtime series, which continues with *The Queen of Springtime*. This ebook features an illustrated biography of Robert Silverberg including rare images and never-before-seen documents from the author's personal collection. [\*A Cat Called Alfie\* \(Alfie](#)

[series, Book 2\)](#) Macmillan This practical handbook presents Shakti Gawain's definition of prosperity, one that places importance on the fulfillment of our real desires rather than the amount of money we have. Most people equate prosperity with money — if they only had more of it, they would prosper. In this new, innovative look at self-fulfillment, personal-growth

pioneer Shakti Gawain shows us the pitfalls of such thinking — how people, regardless of their wealth, eventually find money fails to offer true contentment. Shakti Gawain presents a new definition of prosperity, one that places importance on fulfillment of the heart and soul rather than on monetary gain. She dismantles the cause-and-effect relationship most people construct

around money and happiness, without ignoring the important role money plays in our lives. She challenges us to pay attention to our deepest longings, and yet to discard false desires. Shakti shows us how to create true prosperity, which includes satisfying relationships, happiness, and fulfillment. Her unique method of self-examination helps readers recognize the

paradoxical relationships they establish with money. Instead of either denying its value or giving it too much importance, Gawain shows how money can be used to teach people to identify where they need more balance in their lives, freeing them to pursue fulfilling relationships and personal satisfaction — the main ingredients of true prosperity. She speaks with authority and warmth

as she sheds new understanding on a subject that concerns us all.

Penguin  
A Paperback Original  
Award-winning author Willy Vlautin demonstrates his extraordinary talent for confronting issues facing modern America, illuminated through the lives of three memorable characters who are looking for a way out of their financial, familial, and

existential crises, in his heartbreaking and hopeful fourth novel *Leroy Kervin* is a 31 year old Iraqi War veteran living with a traumatic brain injury. Unable to dress or feed himself, or cope with his emotions, he has spent the last seven years in a group home. There he spends his days watching old sci-fi movies until he awakens one night with a clear mind and memories of his girlfriend.

Realizing what his life has been he decides it would be better to die than to go on living this way. A failed suicide attempt leaves Leroy hospitalized where he retreats further into his mind in order to make sense of his existence. Freddie McCall is a middle aged father working two jobs. He's lost his wife and kids, and is close to losing his house. He's buried in debt, unable to pay the

medical bills from his daughter's childhood illness. As Freddie's situation becomes more desperate he undertakes a risky endeavor he hopes will solve his problems but could possibly end in disaster. Just as Freddie is about to lose it all, he is faced with the possibility of getting his kids back. Pauline Hawkins takes care of everyone else around her. She cares for her mentally

ill father out of a deep sense of obligation. As a nurse at the local hospital, she treats her patients and their families with a familiar warmth and tenderness. When Pauline becomes attached to a young runaway, she learns the difficult lesson that you can't help someone who doesn't help themselves. The lives of these three characters intersect as they look for meaning in desperate times. Willy

Vlautin covers themes ranging from health care to the economic downturn and housing crisis, to the toll war takes on veterans and their families. *The Free* is an extraordinary portrait of contemporary America and a testament to the resiliency of the human heart.

personal surface among the participants, stripping away any easy pretense to resolution or healing. Caught in the grip of emotions and impulses of bewildering intensity, Olin is forced to abandon his observer's role and to bear witness, not only to his

family's ambiguous history but to his own. Profoundly thought-provoking, *In Paradise* is a fitting coda to the luminous career of a writer who was "for all readers. He was for the world" (National Geographic). *50 Science Ideas You Really Need to Know*
