Jewish Salonika Jews and Judaism: History and

Through the poetry of Bouena Sarfatty (1916-1997), *An Ode to Salonika* sketches the life and demise of the Sephardi Jewish community that once flourished in this Greek crossroads city. A resident of Salonika who survived the Holocaust as a partisan and later settled in Canada, Sarfatty preserved the traditions and memories of this diverse and thriving Sephardi community in some 500 Ladino poems known as coplas. The coplas also describe the traumas the community faced under German occupation before the Nazis deported its Jewish residents to Auschwitz. The coplas in Ladino and in Renée Levine Melammed's English translation are framed by chapters that trace the history of the Sephardi community in Salonika and provide context for the poems. This unique and moving source provides a rare entrée into a once vibrant world now lost.

"Vulture in a cage," Solomon Ibn Gabirol's own self-description, is an apt image for a poet who was obsessed with the impediments posed by the body and the material world to the realization of his spiritual ambition of elevating his soul to the empyrean. Ibn Gabirol's poetry is enormously influential, laying the groundwork for generations of Hebrew poets who follow him--rocky and harsh, full of original imagery and barbed wit, and yet no one surpassed him for the limpid beauty of his devotional verse. His poetry is at once a record of the inner life of a tormented poet and a monument to the Judeo-Arab culture that produced him. This book contains the most extensive collection of Ibn Gabirol's poetry ever published in English.

"An impressively accomplished retelling of the Gatsby story," in which a Russian businessman engages an impoverished bookseller's help pursuing a lover. (Los Angeles Review of Books) On a rainy afternoon in London's old Chelsea, a charming multi-billionaire Russian oligarch, Gorsky, walks into an ailing bookshop and writes the first of several quarter-of-a-million pound checks. With that money, Gorsky has tasked Nikola, the store's bored and brilliant clerk, with sourcing books for a massive personal library, which will be housed in the magnificent, palatial home Gorsky happens to be building immediately next to Nikola's own modest dwelling. Gorsky needs a tasteful collection of Russian literature to woo a long-lost love--no matter that she happens to be married to an Englishman. His passion for her surpasses even his immeasurable wealth, and Nikola will be drawn into a world of opulence, greed, capitalism, sex, and

beauty as he helps Gorsky pursue this doomed love. "An accomplished retelling of an American classic." —Tablet "It's a very clever idea: to update 'The Great Gatsby' by making the bootlegger into a Russian arms-dealing billionaire and transplanting the action from Jazz Age New York to 21st-century London, a city increasingly shaped by global wealth." —The New York Times Book Review "A tense, witty page-turner." —The Spectator "Entertaining." —New York Journal of Books "[A] kind of novel-length love letter to the written word." —Jewish Book Council

The story of an early twentieth-century Sephardic Jewish community in the city called the “Jerusalem of the Balkans”: “Richly documented and a pleasure to read.” —Matthias Lehmann, author of *Emissaries from the Holy Land* The Mediterranean port city of Salonica (Thessaloniki) was once home to the largest Sephardic Jewish community in the world. The collapse of the Ottoman Empire and the city’s incorporation into Greece in 1912 provoked a major upheaval that compelled Salonica’s Jews to reimagine their community and status as citizens of a nation-state. This is the first book to tell the story of this tumultuous transition through the voices and perspectives of Salonican Jews as they forged a new place for themselves in Greek society. Devin E. Naar traveled the globe, from New York to Salonica, Jerusalem, and Moscow, to excavate archives once confiscated by the Nazis. Written in Ladino, Greek, French, and Hebrew, these archives, combined with local newspapers, reveal how Salonica’s Jews fashioned a new hybrid identity as Hellenic Jews during a period marked by rising nationalism and economic crisis as well as unprecedented Jewish cultural and political vibrancy. Salonica’s Jews—Zionists, assimilationists, and socialists—reinvigorated their connection to the city and claimed it as their own until the Holocaust. Through the case of Salonica’s Jews, Naar recovers the diverse experiences of a lost religious, linguistic, and national minority at the crossroads of Europe and the Middle East. “The community’s transformation and mobilization as simultaneously flourishing and struggling is fleshed out in a fascinating and inviting narrative.” —American Historical Review “A compelling account of how the Sephardic Jews of Salonica experienced the transition from being subjects of the multi-ethnic, multi-religious Ottoman empire to living as a minority in the Greek nation-state. A must-read for anyone interested in the history of this unique community.” —Matthias Lehmann, author of *Emissaries from the Holy Land*

This book examines a group of

multicultural Jewish poets to address the issue of multilingualism within a context of minor languages and literatures, nationalism, and diaspora. It introduces three writers working in minor or threatened languages who challenge the usual consensus of Jewish literature: Algerian Sadia Lévy, Israeli Margalit Matitiah, and Argentine Juan Gelman. Each of them—Lévy in French and Hebrew, Matitiah in Hebrew and Ladino, and Gelman in Spanish and Ladino—expresses a hybrid or composite Sephardic identity through a strategic choice of competing languages and intertexts. Monique R. Balbuena's close literary readings of their works, which are mostly unknown in the United States, are strongly grounded in their social and historical context. Her focus on contemporary rather than classic Ladino poetry and her argument for the inclusion of Sephardic production in the canon of Jewish literature make *Homeless Tongues* a timely and unusual intervention.

Remembering Histories of Trauma compares and links Native American, First Nation and Jewish histories of traumatic memory. Using source material from both sides of the Atlantic, it examines the differences between ancestral experiences of genocide and the representation of those histories in public sites in the United States, Canada and Europe. Challenging the ways public bodies have used those histories to frame the cultural and political identity of regions, states, and nations, it considers the effects of those representations on internal group memory, external public memory and cultural assimilation. Offering new ways to understand the Native-Jewish encounter by highlighting shared critiques of public historical representation, Mailer seeks to transcend historical tensions between Native American studies and Holocaust studies. In linking and comparing European and American contexts of historical trauma and their representation in public memory, this book brings Native American studies, Jewish studies, early American history, Holocaust studies, and museum studies into conversation with each other. In revealing similarities in the public representation of Indigenous genocide and the Holocaust it offers common ground for Jewish and Indigenous histories, and provides a new framework to better understand the divergence between traumatic histories and the ways they are memorialized.

Documents the first-hand experiences in the Holocaust of the Sephardim from Greece, the Balkans, North Africa, Libya, Corsica, and Rhodes The Sephardim suffered devastation during the Holocaust, but this facet of history is poorly documented.

What literature exists on the Sephardim in

the Holocaust focuses on specific countries, such as Yugoslavia and Greece, or on specific cities, such as Salonika, and many of these works are not available in English. *The Sephardim in the Holocaust: A Forgotten People* embraces the Sephardim of all the countries shattered by the Holocaust and pays tribute to the memory of the more than 160,000 Sephardim who perished. Isaac Jack Lévy and Rosemary Lévy Zumwalt draw on a wealth of archival sources, family history (Isaac and his family were expelled from Rhodes in 1938), and more than one hundred fifty interviews conducted with survivors during research trips to Belgium, Canada, France, Greece, Israel, Mexico, the Netherlands, the former Yugoslavia, and the United States. Lévy follows the Sephardim from Athens, Corfu, Cos, Macedonia, Rhodes, Salonika, and the former Yugoslavia to Auschwitz. The authors chronicle the interminable cruelty of the camps, from the initial selections to the grisly work of the Sonderkommandos inside the crematoria, detailing the distinctive challenges the Sephardim faced, with their differences in language, physical appearance, and pronunciation of Hebrew, all of which set them apart from the Ashkenazim. They document courageous Sephardic revolts, especially those by Greek Jews, which involved intricate planning, sequestering of gunpowder, and complex coordination and communication between Ashkenazi and Sephardic inmates--all done in the strictest of secrecy. And they follow a number of Sephardic survivors who took refuge in Albania with the benevolent assistance of Muslims and Christians who opened their doors to give sanctuary, and traces the fate of the approximately 430,000 Jews from Morocco, Algiers, Tunisia, and Libya from 1939 through the end of the war. The author's intention is to include the Sephardim in the shared tragedy with the Ashkenazim and others. The result is a much needed, accessible, and viscerally moving account of the Sephardim's unique experience of the Holocaust.

Under the Devil's Eye Stanford University Press

When in 1821, the Greeks rose in violent revolution against the rule of the Ottoman Turks, waves of sympathy spread across Western Europe and the United States. More than a thousand volunteers set out

to fight for the cause. The Philhellenes, whether they set out to recreate the Athens of Pericles, start a new crusade, or make money out of a war, all felt that Greece had unique claim on the sympathy of the world. As Byron wrote, 'I dreamed that Greece might Still be Free'; and he died at Missolonghi trying to translate that dream into reality. William St Clair's meticulously researched and highly readable account of their aspirations and experiences was hailed as definitive when it was first published. Long out of print, it remains the standard account of the Philhellenic movement and essential reading for any students of the Greek War of Independence, Byron, and European Romanticism. Its relevance to more modern ethnic and religious conflicts is becoming increasingly appreciated by scholars worldwide. This new and revised edition includes a new Introduction by Roderick Beaton, an updated Bibliography and many new illustrations.

Jewish copyright law is a rich body of jurisprudence that developed in parallel with modern copyright laws and the book privileges that preceded them. Jewish copyright law owes its origins to a reprinting ban that the Rome rabbinic court issued for three books of Hebrew grammar in 1518. It continues to be applied today, notably in a rabbinic ruling outlawing pirated software, issued at Microsoft's request. In *From Maimonides to Microsoft*, Professor Netanel traces the historical development of Jewish copyright law by comparing rabbinic reprinting bans with secular and papal book privileges and by relaying the stories of dramatic disputes among publishers of books of Jewish learning and liturgy.. He describes each dispute in its historical context and examines the rabbinic rulings that sought to resolve it. Remarkably, the rabbinic reprinting bans and copyright rulings address some of the same issues that animate copyright jurisprudence today: Is copyright a property right or just a right to receive fair compensation? How long should copyrights last? What purposes does copyright serve? While Jewish copyright law has borrowed from its secular law counterpart at key junctures, it fashions strikingly different answers to those key questions. The story of Jewish copyright law also intertwines with the history of the Jewish book trade and with steadfast efforts of rabbinic leaders to maintain their authority to regulate that trade in the face of the dramatic erosion of Jewish communal autonomy in the

eighteenth and nineteenth centuries. This book will thus be of considerable interest to students of Jewish law and history as well as copyright scholars and practitioners.

Named one of the best books of 2019 by *The Economist* and a *New York Times Book Review* Editors' Choice. A National Jewish Book Award finalist. "A superb and touching book about the frailty of ties that hold together places and people." --*The New York Times Book Review* An award-winning historian shares the true story of a frayed and diasporic Sephardic Jewish family preserved in thousands of letters For centuries, the bustling port city of Salonika was home to the sprawling Levy family. As leading publishers and editors, they helped chronicle modernity as it was experienced by Sephardic Jews across the Ottoman Empire. The wars of the twentieth century, however, redrew the borders around them, in the process transforming the Levys from Ottomans to Greeks. Family members soon moved across boundaries and hemispheres, stretching the familial diaspora from Greece to Western Europe, Israel, Brazil, and India. In time, the Holocaust nearly eviscerated the clan, eradicating whole branches of the family tree. In *Family Papers*, the prizewinning Sephardic historian Sarah Abrevaya Stein uses the family's correspondence to tell the story of their journey across the arc of a century and the breadth of the globe. They wrote to share grief and to reveal secrets, to propose marriage and to plan for divorce, to maintain connection. They wrote because they were family. And years after they frayed, Stein discovers, what remains solid is the fragile tissue that once held them together: neither blood nor belief, but papers. With meticulous research and care, Stein uses the Levys' letters to tell not only their history, but the history of Sephardic Jews in the twentieth century.
