Good Housekeeping Running Press Adult "One of my favorite authors."—Colleen Hoover An insightful, delightful, instant #1 New York Times bestseller from the author of *Beach Read* and *People We Meet on Vacation*. One summer. Two rivals. A plot twist they didn't see coming... Nora Stephens' life is books—she's read them all—and she is not that type of heroine. Not the plucky one, not the laidback dream girl, and especially not the sweetheart. In fact, the only people Nora is a heroine for are her clients, for whom she lands enormous deals as a cutthroat literary agent, and her beloved little sister Libby. Which is why she agrees to go to Sunshine Falls, North Carolina for the month of August when Libby begs her for a sisters' trip away—with visions of a small town transformation for Nora, who she's convinced needs to become the heroine in her own story. But instead of picnics in meadows, or run-ins with a handsome country doctor or bulging-forearmed bartender, Nora keeps bumping into Charlie Lastra, a bookish brooding editor from back in the city. It would be a meet-cute if not for the fact that they've met many times and it's never been cute. If Nora knows she's not an ideal heroine, Charlie knows he's nobody's hero, but as they are thrown together again and again—in a series of coincidences no editor worth their salt would allow—what they discover might just unravel the carefully crafted stories they've written about themselves.

In this "vivid and inspiring" New York

Times bestseller (*Newsweek*), the Red Hot Chili Peppers' lead singer and songwriter shares a searingly honest account of life in the rock scene's fast lane—from the darkness into the light. In 1983, four self-described "knuckleheads" burst out of the mosh-pitted mosaic of the neo-punk rock scene in L.A. with their own unique brand of cosmic hardcore mayhem funk. Over twenty years later, the Red Hot Chili Peppers, against all odds, have become one of the most successful bands in the world. Though the band has gone through many incarnations, Anthony Kiedis, the group's lyricist and dynamic lead singer, has been there for the whole roller-coaster ride. In *Scar Tissue*, Kiedis delivers a compelling life story from a man "in love with everything"—the darkness, the death, the disease. Even his descent into drug addiction was a part of that journey, another element transformed into art. Whether he's honoring the influence of the beautiful, strong women who have been his muses or remembering the roaring crowds of Woodstock and the Dalai Lama's humble compound, Kiedis shares a compelling story about the price of success and excess. *Scar Tissue* is a story of dedication and debauchery, of intrigue and integrity, of recklessness and redemption—a story that could only have come out of the world of rock.

Today's writers need more spunk than Strunk: whether it's the Great American e-mail, Madison Avenue advertising, or Grammy Award-winning rap lyrics, memorable writing must jump off the page. Copy veteran Constance Hale is on a mission to make creative communication, both the lyrical and the unlawful, an option for everyone. With its crisp, witty tone, *Sin and Syntax* covers grammar's ground rules while revealing countless unconventional syntax secrets (such as how to use—Gasp!—interjections or when to pepper your prose with slang) that make for sinfully good writing. Discover how to: *Distinguish between words that are "pearls" and words that are "potatoes" * Avoid "couch potato thinking" and "commitment phobia" when choosing verbs * Use literary devices such as

onomatopoeia, alliteration, and metaphor (and understand what you're doing) Everyone needs to know how to write stylish prose—students, professionals, and seasoned writers alike. Whether you're writing to sell, shock, or just sing, *Sin and Syntax* is the guide you need to improve your command of the English language. *Harold Dieterle's Kitchen Notebook* Simon and Schuster

New York Times BestsellerA #1 LA Times BestsellerA USA Today BestsellerOne of NPR's "Favorite Books of 2019" The iconic bassist and co-founder of the Red Hot Chili Peppers tells his fascinating origin story, complete with all the dizzying highs and the gutter lows you'd want from an LA street rat turned world famous rock star. In *Acid for the Children*, Flea takes readers on a deeply personal and revealing tour of his formative years, spanning from Australia to the New York City suburbs to, finally, Los Angeles. Through hilarious anecdotes, poetical meditations, and occasional flights of fantasy, Flea deftly chronicles the experiences that forged him as an artist, a musician, and a young man. His dreamy, jazz-inflected prose makes the Los Angeles of the 1970s and 80s come to gritty, glorious life, including the potential for fun, danger, mayhem, or inspiration that lurked around every corner. It is here that young Flea, looking to escape a turbulent home, found family in a community of musicians, artists, and junkies who also lived on the fringe. He spent most of his time partying and committing petty crimes. But it was in music where he found a higher meaning, a place to channel his frustration, loneliness, and love. This left him open to the life-changing moment when he and his best friends, soul brothers, and partners-in-mischief came up with the idea to start their own band, which became the Red Hot Chili Peppers. *Acid for the Children* is the debut of a stunning new literary voice, whose prose is as witty, entertaining, and wildly unpredictable as the author himself. It's a tenderly evocative coming-of-age story and a raucous love letter to the power of music and creativity from one of the most renowned musicians of our time. *Theatre Notebook* Simon and Schuster If you love Chili Peppers and hot food you are in the right place to make every day your life spicy! A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother's dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called "calorie restriction," eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, "Your eyelashes are invisible, okay? You think Dakota Fanning doesn't tint hers?" She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In *I'm Glad My Mom Died*, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called iCarly, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi ("Hi Gale!"), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the iCarly spinoff *Sam & Cat* alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with refreshing candor and dark humor, *I'm Glad My Mom Died* is an inspiring story of resilience, independence, and the joy of shampooing your own hair.
