No Full Stops In India

2021-10-17

ANGELO MONTGOMERY

Del Rey

Offers a brief chronology of democratic India, describes the problems that have developed during the first forty years of independence, and shares the comments of Indian politicians, historians, and political analysts

No Full Stops in India Penguin

"Reminiscent of Toni Morrison's *The Bluest Eye*." —The New York Times

"One of the best books I have ever read...will live in the hearts of readers for the rest of their lives." —Colby Sharp, founder of Nerdy Book Club

"An emotional, painful, yet still hopeful adolescent journey...one that needed telling." —Kirkus Reviews (starred review)

"I really loved this." —Sharon M. Draper, author of the New York Times bestseller *Out of My Mind*

This deeply sensitive and "compelling" (BCCB) debut novel tells the story of a thirteen-year-old who must overcome internalized racism and a verbally abusive family to finally learn to love herself. There are ninety-six reasons why thirteen-year-old Genesis dislikes herself. She knows the exact number because she keeps a list: -

-Because her family is always being put out of their house. -Because her dad has a gambling problem. And maybe a drinking problem too. -Because Genesis knows this is all her fault. -Because she wasn't born looking like Mama. -Because she is too black. Genesis is determined to fix her family, and she's willing to try anything to do so...even if it means harming herself in the process. But when Genesis starts to find a thing or two she actually likes about herself, she discovers that changing her own attitude is the first step in helping change others.

Beyond Purdah No Full Stops in India India's Westernized elite, cut off from local traditions, 'want to write a full stop in a land where there are no full stops'. From that striking insight Mark Tully has woven a superb series of 'stories' which explore Calcutta, from the Kumbh Mela in Allahabad (probably the biggest religious

festival in the world) to the televising of a Hindu epic. Throughout, he combines analysis of major issues with a feel for the fine texture and human realities of Indian life. The result is a revelation. 'The ten essays, written with clarity, warmth of feeling and critical balance and understanding, provide as lively a view as one can hope for of the panorama of India.' K. Natwar-Singh in the Financial Times

A Memoir Penguin UK

No Full Stops in India Penguin UK

Shantaram Penguin Books India

Mark Twain observed, "I'm in favour of progress; it's change I don't like." Coal dominates Indian energy because it's available domestically and cheap (especially without a carbon tax). If the global focus is on the energy transition, how does India ensure a just transition? Managing winners and losers will be the single largest challenge for India's energy policy. Coal is entrenched in a complex ecosystem. In some states, it's amongst the largest contributors to state budgets. The Indian Railways, India's largest civilian employer, is afloat because it overcharges coal to offset under-recovery from passengers. Coal India Limited, the public sector miner that produces 85% of domestic coal, is the world's largest coal miner. But despite enormous reserves, India imports about a quarter of consumption. On the flip side, coal faces inevitable pressure from renewable energy, which is the cheapest option for new builds. However, there is significant coal-based power capacity already in place, some of which is underutilized, or even stranded. Low per-capita energy consumption means India must still grow its energy supply. Before India can phase out coal, it must first achieve a plateau of coal. How this happens cost-effectively and with least resistance isn't just a technical or economic question, it depends on the political economy of coal and its alternatives. Some stakeholders want to kill coal. A wiser option may be to first clean it up, instead of wishing it away.

Across 18 chapters, drawing from leading

experts in the field, we examine all aspects of coal's future in India. We find no easy answers, but attempt to combine the big picture with details, bringing them together to offer a range of policy options. A very personal study of women in modern India, centring on modern-day cases of widow-burning

Sold Cambridge University Press

We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

Upcountry Tales Anchor

From the incomparable Emmy, Grammy, and Tony Award winner, a powerful and revealing autobiography about race, sexuality, art, and healing It's easy to be yourself when who and what you are is in vogue. But growing up Black and gay in America has never been easy. Before Billy Porter was slaying red carpets and giving an iconic Emmy-winning performance in the celebrated TV show *Pose*; before he was the groundbreaking Tony and Grammy Award-winning star of Broadway's *Kinky Boots*; and before he was an acclaimed recording artist, actor, playwright, director, and all-around legend, Porter was a young boy in Pittsburgh who was seen as different, who

didn't fit in. At five years old, Porter was sent to therapy to "fix" his effeminacy. He was endlessly bullied at school, sexually abused by his stepfather, and criticized at his church. Porter came of age in a world where simply being himself was a constant struggle. Billy Porter's *Unprotected* is the life story of a singular artist and survivor in his own words. It is the story of a boy whose talent and courage opened doors for him, but only a crack. It is the story of a teenager discovering himself, learning his voice and his craft amidst deep trauma. And it is the story of a young man whose unbreakable determination led him through countless hard times to where he is now; a proud icon who refuses to back down or hide. Porter is a multitalented, multifaceted treasure at the top of his game, and *Unprotected* is a resonant, inspirational story of trauma and healing, shot through with his singular voice.

India Penguin

A Buddhist monk takes up arms to resist the Chinese invasion of Tibet - then spends the rest of his life trying to atone for the violence by hand printing the best prayer flags in India. A Jain nun tests her powers of detachment as she watches her best friend ritually starve herself to death. Nine people, nine lives; each one taking a different religious path, each one an unforgettable story. William Dalrymple delves deep into the heart of a nation torn between the relentless onslaught of modernity and the ancient traditions that endure to this day. **LONGLISTED FOR THE BBC SAMUEL JOHNSON PRIZE**

The Story of an Unprecedented Diplomatic Win Random House

Traces India's economic and social transformation into a free-market democracy, sharing the stories of its top players while weaving in the author's own life experiences as a former CEO for Procter & Gamble India. Reprint.

A Sacred Geography Atheneum/Caitlyn Dlouhy Books

From the revolt of 1857 and the freedom movement to duels on the cricket pitch, India and the United Kingdom have been on opposing sides on numerous occasions. A less known instance when this dynamic played out was the 2017 election for a seat on the International Court of Justice. Unwilling at first, India was prompted to enter the ring in the wake of the Kulbhushan Jadhav case. The contest that followed proved to be a 'second war of Independence' in the words of then foreign minister Sushma Swaraj - and a David-and-Goliath fight against the permanent members of the Security Council, who all put their might behind the UK. Syed Akbaruddin, India's Permanent Representative to the UN at the time, presents a behind-the-scenes account of India's coming-of-age in world affairs through the prism of this momentous election.

Nine Lives Harmony

"It took me a long time and most of the world to learn what I know about love and fate and the choices we make, but the heart of it came to me in an instant, while I was chained to a wall and being tortured." So begins this epic, mesmerizing first novel by Gregory David Roberts, set in the underworld of contemporary Bombay. Shantaram is narrated by Lin, an escaped convict with a false passport who flees maximum security prison in Australia for the teeming streets of a city where he can disappear. Accompanied by his guide and faithful friend, Prabaker, the two enter Bombay's hidden society of beggars and gangsters, prostitutes and holy men, soldiers and actors, and Indians and exiles from other countries, who seek in this remarkable place what they cannot find elsewhere. As a hunted man without a home, family, or identity, Lin searches for love and meaning while running a clinic in one of the city's poorest slums, and serving his apprenticeship in the dark arts of the Bombay mafia. The search leads him to war, prison torture, murder, and a series

of enigmatic and bloody betrayals. The keys to unlock the mysteries and intrigues that bind Lin are held by two people. The first is Khader Khan: mafia godfather, criminal-philosopher-saint, and mentor to Lin in the underworld of the Golden City. The second is Karla: elusive, dangerous, and beautiful, whose passions are driven by secrets that torment her and yet give her a terrible power. Burning slums and five-star hotels, romantic love and prison agonies, criminal wars and Bollywood films, spiritual gurus and mujaheddin guerrillas---this huge novel has the world of human experience in its reach, and a passionate love for India at its heart. Based on the life of the author, it is by any measure the debut of an extraordinary voice in literature.

SHORT HISTORY OF INDIAN RAILWAYS

Notion Press

#1 NEW YORK TIMES BESTSELLER •

PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? **NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage** Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When *Breath Becomes Air* chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book,

yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began to repeat in my head: 'I can't go on. I'll go on.'" When *Breath Becomes Air* is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

Kashmir: Behind the Vale Penguin NATIONAL BESTSELLER • A family returns to their hometown—and to the dark past that haunts them still—in this masterpiece of literary horror by the New York Times bestselling author of *Wanderers* "The dread, the scope, the pacing, the turns—I haven't felt all this so intensely since *The Shining*."—Stephen Graham Jones, New York Times bestselling author of *The Only Good Indians* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK PUBLIC LIBRARY AND LIBRARY JOURNAL

Long ago, Nathan lived in a house in the country with his abusive father—and has never told his family what happened there. Long ago, Maddie was a little girl making dolls in her bedroom when she saw something she shouldn't have—and is trying to remember that lost trauma by making haunting sculptures. Long ago, something sinister, something hungry, walked in the tunnels and the mountains and the coal mines of their hometown in

rural Pennsylvania. Now, Nate and Maddie Graves are married, and they have moved back to their hometown with their son, Oliver. And now what happened long ago is happening again . . . and it is happening to Oliver. He meets a strange boy who becomes his best friend, a boy with secrets of his own and a taste for dark magic. This dark magic puts them at the heart of a battle of good versus evil and a fight for the soul of the family—and perhaps for all of the world. But the Graves family has a secret weapon in this battle: their love for one another.

Genesis Begins Again Little, Brown Books for Young Readers

Adventure abounds when a toy comes to life in this classic novel! It's Omri's birthday, but all he gets from his best friend, Patrick, is a little plastic warrior figure. Trying to hide his disappointment, Omri puts his present in a metal cupboard and locks the door with a mysterious skeleton key that once belonged to his great-grandmother. Little does Omri know that by turning the key, he will transform his ordinary plastic toy into a real live man from an altogether different time and place! Omri and the tiny warrior called Little Bear could hardly be more different, yet soon the two forge a very special friendship. Will Omri be able to keep Little Bear without anyone finding out and taking his new friend away?

The Indian in the Cupboard Penguin UK

Kashmir lies at the edge of India's borders and at the heart of India's consciousness.

It is not geography that is the issue; Kashmir also guards the frontiers of ideology. If there was a glow of hope in the deepening shadows of a bitter Partition, then it was Kashmir, whose people consciously rejected the false patriotism of fundamentalism and made common cause with secular India instead of theocratic Pakistan. Kashmir was, as Sheikh Abdullah said and Jawaharlal Nehru believed, a stabilising force for India. Why has that harmony disintegrated? Why has the promise been stained by the blood of rebellion? M.J. Akbar, the celebrated author of *India: The Siege Within*, *Nehru: The Making of India*, *Riot After Riot* and *The Shade of Swords: Jihad and the Conflict between Islam and Christianity* delves deep into the past for the roots of Kashmiriyat, the identity and culture that has blossomed within the ring of mountains for thousands of years. He records Kashmir's struggle in the century to first free itself from feudal oppression and then enter the world of modern India in 1947. Placing the mistakes and triumphs of those early, formative years in the perspective of history, the author goes on to explain how the 1980s have opened the way for Kashmir's hitherto marginalized secessionists. Both victory and defeat have their lessons; to forget either is to destabilize the future. Kashmir and the mother country are inextricably linked. India cannot afford to be defeated in her Kashmir.
