101 Great Personalities who Change the World Sterling Publishers Pvt. Ltd

This is the extraordinary story of how one man's indomitable spirit inspired a nation to triumph over tyranny. This is the story of Mahatma Gandhi, a man who owned nothing-and gained everything.

The Encyclopaedia Britannica Pan Macmillan

Ramachandra Guha's India after Gandhi is a magisterial account of the pains, struggles, humiliations and glories of the world's largest and least likely democracy. A riveting chronicle of the often brutal conflicts that have rocked a

giant nation, and of the extraordinary individuals and institutions who held it together, it established itself as a classic when it was first published in 2007. In the last decade, India has witnessed, among other things, two general elections; the fall of the Congress and the rise of Narendra Modi; a major anti-corruption movement; more violence against women, Dalits, and religious minorities; a wave of prosperity for some but the persistence of poverty for others; comparative peace in Nagaland but greater discontent in Kashmir than ever before. This tenth anniversary edition, updated and expanded, brings the narrative up to the present. Published to coincide with seventy years of the country's independence, this definitive history of modern India is the work of

one of the world's finest scholars at the height of his powers.

Follows the life of the statesman who was a key figure in India's fight for independence from Great Britain. Great Men Of India New Word City M.K. GANDHI -- THE MAHATMA There is a famous saying, "Some people are born great, some achieve greatness, and some people are thrust upon greatness!" The first category of people are those born as the children of kings and monarchs. I believe that the second category constitute people like Gandhiji, who achieve greatness through their precious life by upholding their precious principles in life, without jettisoning them while sailing through the rough sea of life. Certainly there were his fore runners to him in the annals of the history, like Abraham Lincoln, Martin Luther King Jr. etc. But Gandhiji became

a "Mahatma" not only by his martyrdom, but by establishing himself as a living legend as an apostle of peace and nonviolence. Before starting his experiments with Truth, he was an ordinary young man with strong sexual appetite and violent temper. And in his boyhood, he was just an ordinary boy, fragile, timid and even a coward who was afraid even to enter into another room of his own house without the company of others. But at the same time, he had enough mischief like eating meat flouting the custom of his caste, smoking and stealing money from his house to indulge in such hateful and forbidden activities. He did not like any sports activities and did not mingle with his colleagues whom he was afraid to face for fear of taunting remarks from

them. But the great transformation of his personality from trembling timidity to a most courageous man occurred in a single incident when he was pushed out of the first class compartment at Maritzburg railway station, for being a colored coolie barrister. This humiliation hurt his self respect and made him a great crusader of civil rights. He later told, "I cannot conceive of a greater loss than the loss of one's self respect." This fiery awareness of self respect was the only capital he possessed in his life. It urged him to fight relentlessly against injustice and inhuman discrimination. Even after becoming a famous and respectable civil rights activist, no body attributed any greatness to him until 1930. The world came to know him when he successfully launched the "Salt

Satyagraha". It catapulted him to the status of a unique world leader who could shake the great British Empire by a pinch of salt and proved to the world that nonviolent satyagraha can conquer the mightiest force. He became the Time magazine's "Man of the Year" He was nominated five times for Nobel Prize. Gandhiji's life and teachings have inspired many great leaders like Dr. Martin Luther King, Nelson Mandela, Aung San Suu kyi etc. It is said that it was Rabindranath Tagore called him, "Mahatma" for the first time. In the eyes of millions across the world Gandhiji is now a "Mahatma". He is also recognized as India's "Father of Nation". Thousands of books have been written about him by great writers. He is now one of the most universally recognized person on earth.

But he was a man of flesh and blood and that is the main reason why millions liked him and even loved him. His ordinary life, turned extraordinary through self purification by his persistent pursuit for truth. His life was an inspiration for innumerable works of art and literature. There is even a cult movement known as "Gandhism" to venerate Gandhiji and make him a religious icon. But he had never projected himself as a godly incarnation like many do in India. Rather he said, "There is no such thing as Gandhism" and I do not want to leave any sect after me. I do not claim to have originated any new principle or doctrine. I have simply tried in my own way to apply the eternal truths to our daily life and problems. The options I have formed

and the conclusions I have arrived at are not final. I may change them tomorrow. I have nothing new to teach the world. Truth and nonviolence are as old as the hills." This kind of humility is another mark of a great soul!

The more I work at this, the more I feel delight in my life, the delight in the scheme of the universe. It gives me a peace and a meaning of the mysteries of nature that I have no power to describe."

Mohandas Gandhi Dissertations-G

Gandhi lived one of the great 20th-century lives. He inspired and enraged, challenged and delighted millions of men and women around the world. He lived almost entirely in the shadow of the British Raj, which for much of his life seemed a permanent fact, but which he did more than anyone else to bring down. In a world defined by violence and warfare and by fascist and communist dictatorships, he was armed with nothing more than his arguments and example. While fighting for national freedom, he also attacked caste and gender hierarchies, and fought (and died) for inter-religious harmony. This magnificent book tells the story of Gandhi's life from his departure from South Africa to his

dramatic assassination in 1948. It has a Tolstoyan sweep, showing us Gandhi as he was understood by his contemporaries, with new readings of his arguments with (among others) Ambedkar, Jinnah, and Churchill, and new insights on our freedom movement and its many strands. Drawing on never-before-seen sources and animated by its author's wonderful sense of drama and politics, *Gandhi: The Years That Changed the World* is the most ambitious book on the father of the nation.

Mahatma Gandhi -- the Known and the Unknown Sterling Publishers Pvt. Ltd

Gandhi The Holy Man The people look on Gandhi as a saint; he is venerated in India as no other man has ever been. Although his birth and caste are not such as to seem likely to win prestige, since he is neither Brahman nor a Kshatriya, belongs to the Banya caste, nevertheless, the most high-caste Brahmans bow reverently before him. "The whole nation follows him implicitly," says Rabindranath Tagore, "and for one reason only, that they believe him to be

a saint. To see a whole nation of different races, of differing temperaments and ideals, joining and following a saint, is a modern miracle and only possible in India. The worst and most deep-rooted passions are soothed by the words: 'Mahatma Gandhi forbids it...' I don't agree with Gandhi in many things but I give him my utmost reverence and admiration. He is not only the greatest man in India; he is the greatest man on earth today. It is not only the masses who feel Gandhi's spell Indian intellectuals also speak of Gandhi as there "Mahatma." That this word "Mahatma," "great soul," means to the Hindu is also explained to us by Rabindranath Tagore: "The word 'Mahatma' means he liberated ego which rediscovers itself in all other souls that

life no longer confined in individual human beings, he comprehensive soul of the Atman, f the spirit. In this way, the soul comes 'Mahatma,' by comprehending all souls, all spirit in itself." Anyone who would understand the greatness of Gandhi's influence must make himself familiar with the peculiar conditions prevailing in India. The population of the country consists of an immense number of stocks, races, and groups, widely separated ethnologically, who speak eleven different languages and belong to the most varied religions and sects. Seventy million are adherents of Islam alone, and have for centuries lived with the Hindus in continual dissension and perpetual hostility. The English Governor, Mr. Lloyd, one of Gandhi's fiercest enemies, declared after

his arrest that he must be buried alive in prison and no one allowed access to him, or his cell would soon become a Mecca for the whole world. How well-founded this fear was is clearly shown by the description in an Indian paper: "In the evenings" this journal states, "the public assembled in large numbers at the Sabarmati Prison to do homage to their beloved leader; the masses stood before the prison as before a temple. When the bell rang to announce the hour of admission the sound was received with thrills of joy. Then the crowd of pilgrims 8 Gandhi: The Holy man approached their revered Mahatma; some threw themselves at his feet, others touched him with awe, others again showed their respect only by profound salaams. Mothers laid their infants in his arms and

old women touched the ground before him to show their devotion."— from the book

Mahatma Gandhi - The Man Who Became One With the Universal Being Univ of California Press

Mahatma Gandhi Gandhi. The name conjures the image of a man, unimpressive in appearance, simple in his lifestyle, who spent his life pursuing independence for India. Months after the country achieved that independence from Great Britain, Gandhi's life ended when an assassin killed him. But Gandhi's legacy lives on. Gandhi's rise to political and spiritual leadership is the incredible saga of a man who, in his youth, showed no signs of greatness but who became one of the most influential

men of all time. The civil rights movement that was led by Martin Luther King, Jr. owes its inspiration to Gandhi; the patient suffering of Nelson Mandela in his fight against apartheid grew out of the civil disobedience of Gandhi. The twentieth century saw the rise of despots and dictators, charlatans and cowards; it witnessed the evolution of weapons so deadly that whole countries could be destroyed; it incubated the rise of political philosophies and religious extremism that sought to eradicate democracy and mock compassion. But amidst all of the

violence and hatred, Gandhi remained steadfast to his beliefs, and his beliefs have changed the world.

Who Was Gandhi? Pickle Partners Publishing

More than half a century after his death, Mahatma Gandhi continues to inspire millions throughout the world. Yet modern India, most strikingly in its decision to join the nuclear arms race, seems to have abandoned much of his nonviolent vision. Inspired by recent events in India, Stanley Wolpert offers this subtle and profound biography of India's "Great Soul." Wolpert compellingly chronicles the life of Mahatma Gandhi from his early days as a child of privilege to his humble rise to power and his assassination at the hands of a man of his own faith. This trajectory,

like that of Christ, was the result of Gandhi's passion: his conscious courting of suffering as the means to reach divine truth. From his early campaigns to stop discrimination in South Africa to his leadership of a people's revolution to end the British imperial domination of India, Gandhi emerges as a man of inner conflicts obscured by his political genius and moral vision. Influenced early on by nonviolent teachings in Hinduism, Jainism, Christianity, and Buddhism, he came to insist on the primacy of love for one's adversary in any conflict as the invincible power for change. His unyielding opposition to intolerance and oppression would inspire India like no leader since the Buddha--creating a legacy that would encourage Martin Luther King, Jr., Nelson Mandela, and

other global leaders to demand a better world through peaceful civil disobedience. By boldly considering Gandhi the man, rather than the living god depicted by his disciples, Wolpert provides an unprecedented representation of Gandhi's personality and the profound complexities that compelled his actions and brought freedom to India.

Gandhi Reader HarperCollins

"My purpose," Mahatma Gandhi writes of this book, "is to describe experiments in the science of Satyagraha, not to say how good I am." Satyagraha, Gandhi's nonviolent protest movement (satya = true, agraha = firmness), came to stand, like its creator, as a moral principle and a rallying cry; the principle was truth and the cry freedom. The life of Gandhi has

given fire and fiber to freedom fighters and to the untouchables of the world: hagiographers and patriots have capitalized on Mahatma myths. Yet Gandhi writes: "Often the title [Mahatma, Great Soul] has deeply pained me. . . . But I should certainly like to narrate my experiments in the spiritual field which are known only to myself, and from which I have derived such power as I possess for working in the political field." Clearly, Gandhi never renounced the world; he was neither pacifist nor cult guru. Who was Gandhi? In the midst of resurging interest in the man who freed India, inspired the American Civil Rights Movement, and is revered, respected, and misunderstood all over the world, the time is proper to listen to Gandhi himself -- in his own

words, his own "confessions," his autobiography. Gandhi made scrupulous truth-telling a religion and his Autobiography inevitably reminds one of other saints who have suffered and burned for their lapses. His simply narrated account of boyhood in Gujarat, marriage at age 13, legal studies in England, and growing desire for purity and reform has the force of a man extreme in all things. He details his gradual conversion to vegetarianism and ahimsa (non-violence) and the state of celibacy (brahmacharya, self-restraint) that became one of his more arduous

spiritual trials. In the political realm he outlines the beginning of Satyagraha in South Africa and India, with accounts of the first Indian fasts and protests, his initial errors and misgivings, his jailings, and continued cordial dealings with the British overlords. Gandhi was a fascinating, complex man, a brilliant leader and guide, a seeker of truth who died for his beliefs but had no use for martyrdom or sainthood. His story, the path to his vision of Satyagraha and human dignity, is a critical work of the twentieth century, and timeless in its courage and inspiration.
