The tale of Heathcliff's
and Cathy's ungovernable

love and suffering, and the havoc that their passion wreaks on the families of the Earnshaws and the Lintons, shocked the book's first readers, with even Emily's sister Charlotte claiming Whether it is right or

advisable to create beings like Heathcliff, I do not know. I scarcely think it is. *Wuthering Heights* is Emily Brontë's only novel. It was first published in 1847 under the pseudonym Ellis Bell, and a posthumous second

edition was edited by her sister Charlotte. The name of the novel comes from the Yorkshire manor on the moors on which the story centers. The narrative tells the tale of the all-encompassing and passionate, yet thwarted, love between Heathcliff and Catherine Earnshaw, and how this unresolved passion eventually destroys both them and many around them. Now considered a classic of English literature, the novel's innovative structure, which has been likened to a series of

Matryoshka dolls, met with mixed reviews by critics when it first appeared.

It began with a key. One afternoon in 1956, in the home of the Hitchings family in Battersea, south London, a small silver key appeared on Shirley Hitchings' bed. This

seemingly insignificant event heralded the beginning of one of the most terrifying, incredible and mysterious hauntings in British history. The spirit, who quickly became known as 'Donald', began to communicate, initially via tapping sounds, but over time - and with the encouragement of psychical researcher Harold Chibbett, whose case-files appear here - by learning to write. Soon, the spirit had begun to make simply incredible claims about his identity,

insisting that he was one of the most famous figures in world history – but what was the truth? Here, for the first time, is the full story, told by the woman right at the heart of it all – Shirley herself.

Wuthering Heights is the name of Mr. Heathcliff's dwelling. 'Wuthering' being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt

thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the

date 1500, and the name Hareton Earnshaw. I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here the house pre-

eminently. It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter

dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of

smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

THE FAMILY FROM ONE END STREET by Eve Garnett is the story of everyday life in the big, happy Ruggles family who live in the small town of Otwell. Father is a dustman and Mother a washerwoman. Then there's all the children - practical Lily Rose, clever Kate, mischievous twins James and John, followed by Jo, who loves films, little Peg and finally baby William. A truly classic book awarded the

Carnegie Medal as the best children's book of 1937. Eve Garnett was born in 1900 in Worcestershire, and studied art at Chelsea Polytechnic and the Royal Academy School of Art. Whilst a student, she sketched the people of the East End slums and was haunted by the poverty she had witnessed, resolving to do something to bring the plight of the working-class family to people's attention. The Family from One End Street was originally published by

Frederick Muller in 1937, followed by *The Further Adventures of the Family* from *One End Street* in 1956, and *Holiday at Dew Drop Inn* in 1962. She died in 1991.  The story of *Oliver Twist* - orphaned, and set upon by evil and adversity from his first breath - shocked readers when it was published. After running away from the workhouse and pompous beadle Mr Bumble, Oliver finds himself lured into a den of thieves peopled by vivid and memorable characters - the Artful Dodger, vicious burglar Bill Sikes, his dog Bull's Eye, and prostitute Nancy, all watched over by cunning master-thief Fagin. Combining

elements of Gothic Romance, the Newgate Novel and popular melodrama, Dickens created an entirely new kind of fiction, scathing in its indictment of a cruel society, and pervaded by an unforgettable sense of threat and mystery. Bowraville Puffin HC

"A true crime story cannot often be believed, at least at the beginning. In *Bowraville*, all three of the victims were Aboriginal. All three were killed within five months, between 1990 and 1991. The same white man was linked to each, but nobody was

convicted. More than two decades later, homicide detective Gary Jubelin contacted Dan Box, asking him to pursue this serial killing. At that time, few others in the justice system seemed to know or care about the murders in *Bowraville*. Dan spoke to the families of the victims, Colleen Walker Craig, Evelyn Greenup and Clinton Speedy Duroux, as well as the lawyers, police officers and even the suspect involved in what had happened. His investigation, as well as

the families own determined campaigning, forced the authorities to reconsider the killings.

This account asks painful questions about what justice means and how it is delivered, as well as describing Dans own shifting, uncomfortable realisation that he was a reporter who crossed the line." --

An enchanting literary debut—already an

international best-seller. At the height of Mao's infamous Cultural Revolution, two boys are among hundreds of thousands exiled to the countryside for "re-education." The narrator and his best friend, Luo, guilty of being the sons of doctors, find themselves in a remote village where, among the peasants of Phoenix mountain, they are made to cart buckets of excrement up and down precipitous winding paths. Their meager distractions include a violin—as well as, before

long, the beautiful daughter of the local tailor. But it is when the two discover a hidden stash of Western classics in Chinese translation that their re-education takes its most surprising turn. While ingeniously concealing their forbidden treasure, the boys find transit to worlds they had thought lost forever. And after listening to their dangerously seductive retellings of Balzac, even the Little Seamstress will be forever transformed. From within the hopelessness and terror

of one of the darkest passages in human history, Dai Sijie has fashioned a beguiling and unexpected story about the resilience of the human spirit, the wonder of romantic awakening and the magical power of storytelling.

This biography examines the long life of the traveller and author Stephen Graham. Graham walked across large parts of the Tsarist Empire in the years before 1917, describing his adventures in a series of books and articles that helped to shape attitudes towards

Russia in Britain and the United States. In later years he travelled widely across Europe and North America, meeting some of the best known writers of the twentieth century, including H.G.Wells and Ernest Hemingway. Graham also wrote numerous novels and biographies that won him a wide readership on both sides of the Atlantic. This book traces Graham's career as a world traveller, and provides a rich portrait of English, Russian and American literary life in the first half

of the twentieth century. It also examines how many aspects of his life and writing coincide with contemporary concerns, including the development of New Age spirituality and the rise of environmental awareness. Beyond Holy Russia is based on extensive research in archives of private papers in Britain and the USA and on the many works of Graham himself. The author describes with admirable tact and clarity Graham's heterodox and convoluted spiritual quest. The result

is a fascinating portrait of a man who was for many years a significant literary figure on both sides of the Atlantic.
