Master the ASVAB Basics McGraw Hill Professional

Peterson's Master the Officer Candidate Tests is the all-in-one source for your test preparation to become an officer in the U.S. military. The book offers essential information about the career opportunities, pay and benefits, and commissioning requirements, going into details about each branch of the armed forces. You will learn about the different officer training schools and their expectations, available career fields, and requirements and qualifications for admittance. After becoming familiar with the structure and content of the officer candidate tests, you will start your test preparation with invaluable tips and strategies for taking the test and sample items for each question type. This valuable guide offers nine practice tests with detailed answer explanations for each question. These are essential for helping you learn from your mistakes. In addition, there are three officer candidate tests that mimic the official exams in format and structure. While they are not meant to be comprehensive, the will give you a clear approximation of essential sections from actual exams.

ASVAB Science and Math Practice Test Review Book John Wiley & Sons

At the request of the Commander, Training and Doctrine Command, ARI researchers administered test to soldiers attending Noncommissioned Officers (NCO) Academies at TRADOC sites in order to determine their academic skills levels. On the average, these soldiers read at the 11.0 grade level and perform at the 9.9 grade level in mathematics. These findings will become part of ARI's research program concerning academic skills of NCOs and can be used by the TRADOC Commander to make decisions about basic skills training programs for NCOs. Keywords: Academic competencies, Army personnel, Army training, Education. (sdw).
