Ann Matter's volume provides a balanced treatment of eastern and western biblical traditions, highlighting processes of transmission and modes of exegesis among Roman and Orthodox Christians, Jews and Muslims and illuminating the role of the Bible in medieval inter-religious dialogue. Translations into Ethiopic, Slavic, Armenian and Georgian vernaculars, as well as Romance and Germanic, are treated in detail, along with the theme of allegorized spirituality and established forms of glossing. The chapters take the study of Bible history beyond the cloisters of medieval monasteries and ecclesiastical schools to consider the influence of biblical

texts on vernacular poetry, prose, drama, law and the visual arts of East and West.

The Natural History of Man Penguin

The author has written a number of books in Amharic. His first novel (ገገገገ Adabay) was published by Kuraz Publishers in 1882.

Most of his novels are based on the anti-Fascist patriotic struggle of 1935-1940 and the post Second World War situation in Ethiopia. His first English novel 'Trying Times' was published by Shama Books in 2011. Recently, he wrote two history books in Amharic about the first and second Ethio-Italian wars. This history book, in English, deals with the military and diplomatic battles of Menelik the Second, Emperor of

Ethiopia. Two years after crowned Emperor of Ethiopia, Menelik rejected the Berlin and Brussels conferences decisions on the scramble of Africa. In a letter dated April 1891, addressed to European colonial powers he declared that Ethiopia's territory extends to Lake Albert in the south, to Indian Ocean in the east and the White Nile in the west. His opposition was a declaration that there are no territories to scramble other than Menelik's sovereign empire. In his letter, Menelik expressed his firm belief that God has preserved Ethiopian independence and will not allow occupation of his country by foreign powers. In 1895 when Italy tried to annex the Tigray province Menelik defeated it in

three months battles. The battle started in Alage with Menelik's General Ras Mekonen led army. The victory at Alage resounded in Europe. The Italian government mobilized 40,000 soldiers and sent them on 11 ships to Eritrea to participate in the coming battles. This was followed by additional mobilization of 6,000 more soldiers and weaponry and was sent by six ships to Massawa. Thus in accordance to Raymond Jonas 46,000 Italian soldiers were added to the Italian force in Eritrea after the Battle of Alage. The mobilization continued for months. The Victory of Alage was followed by other victories in Awsa and Mekelle and culminated in the Victory of the Battle of Adwa. This book, other

than the Ethiopian and Italian confrontation, details Ethiopia's expeditions against the Anglo-Egyptians in the Sudan and south to Lake Albert. This expedition led by Ras Mekonen to the White Nile was done in alliance with Khalifa Abdullahi of the Mahdiya State. This could be considered the first pan African military alliance. The expedition reached the White Nile in two directions. Another expedition led by Ras Wolde Giorgis to Lake Albert short landed at Lake Rudolf. The Columbia Courier on March 18, 1904 wrote that Menelik "defeated the cherished "Cape to Cairo" dream of the late Cecil Rhodes. This book elucidates the military and diplomatic history of the battles

with the Italians, the expeditions to the White Nile in the Sudan in alliance with the Mahdi Kalifa Abdullahi and the two pronged expeditions to the south to reach Lake Albert. These battles changed the course of history in the 19th century. Menelik was also a great diplomat. He built a lifelong friendship with Europeans and Americans who served him in his diplomatic effort. One of them, Ellis briefed Menelik on political concepts based on the Monroe Doctrine of 'America for Americans' that impressed Menelik very much. With Ellis Menelik forwarded the idea of "Africa for Africans". He even learned how to pronounce these mottos in English.

When Menelik was told that Mr. Carnegie, the American industrialist and philanthropist, support to the right of American blacks he sent him a letter thanking him. Mr. Carnegie responded that he "has been deeply moved by receiving a letter written by his Imperial Majesty's own hand and conveying his good wishes. It is a great honor and the letter has been framed. It will be handed down to future generations and testify that in this day there reigned in Abyssinia a great and wise Monarch who knew the world and what was going in countries far from his own and gave to what he saw to good his august approval." Ready Set Go Books, an Open Hearts Big Dreams Project, is focused on increasing the literacy rate in Ethiopia through giving readers books with stories in their heart languages, full of colorful illustrations with Ethiopian settings and details. Profits from book sales are used to create, print, and

distribute more Ready Set Go Books to kids in Ethiopia, Africa's second most populous country. Ethiopia's population is 44% children, ages 0-14 (43 million out of 97 million total). Only 5.5% of children attend pre-school or kindergarten, and the adult literacy rate is 49%. Our books are based on wise Ethiopian sayings that often rhyme in Amharic. If an adult says the first half, many children can chant the second half. Sometimes the meaning of these sayings is clear. Sometimes it has to be puzzled out and argued over. But sayings and idioms and proverbs help people express truths and beliefs in unusual ways. Since late 2017, OHBD has published over 100

unique #ReadySetGo dual language titles in four Ethiopian languages plus English and has plans to publish another 100 titles and add more languages in the coming years.  It was the war that changed everything, and yet it's been mostly forgotten: in 1935, Italy invaded Ethiopia. It dominated newspaper headlines and newsreels. It inspired mass marches in Harlem, a play on Broadway, and independence movements in Africa. As the British Navy sailed into the

Mediterranean for a white-knuckle showdown with Italian ships, riots broke out in major cities all over the United States. Italian planes dropped poison gas on Ethiopian troops, bombed Red Cross hospitals, and committed atrocities that were never deemed worthy of a war crimes tribunal. But unlike the many other depressing tales of Africa that crowd book shelves, this is a gripping thriller, a rousing tale of real-life heroism in which the Ethiopians come back from near destruction and win. Tunnelling through archive records, tracking down survivors still alive today, and uncovering never-before-seen photos, Jeff Pearce recreates a remarkable era and reveals

astonishing new findings. He shows how the British Foreign Office abandoned the Ethiopians to their fate, while Franklin Roosevelt had an ambitious peace plan that could have changed the course of world history—had Chamberlain not blocked him with his policy on Ethiopia. And Pearce shows how modern propaganda techniques, the post-war African world, and modern peace movements all were influenced by this crucial conflict—a war in Africa that truly changed the world. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history-- books about World War II, the Third Reich,

Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Andromeda, Princess of Ethiopia London : Sherwood, Gilbert, and

This is the first complete English translation of Bealu Girma's classic. Originally published in 1983 in Ethiopia, the novel served as a critical account of the Red Star Campaign, the Communist Derg government's attempt at a final comprehensive victory over the secessionist rebellion in Eritrea. A passionate and turbulent story of love and war, Oromay mocked high-level members of Ethiopia's communist regime and criticized the Derg's actions in Eritrea. The criticism contained in this incisive political allegory put Bealu in considerable danger owing to the repressive environment in which it was published. The novel was almost

immediately banned after publication. Government officials attempted to confiscate all available copies but bootleg versions continued to circulate. In the aftermath, Bealu was fired from his job in Ethiopia's Ministry of Information and a few months later disappeared. It is generally believed that he was abducted and killed on the orders of government officials in retaliation for Oromay. Bealu's life had a dramatic arc of its own. Born in rural Ethiopia to an Ethiopian mother and Indian father, he was a graduate of Addis Ababa University and later studied journalism in the United States. In addition to serving as editor of several of Ethiopia's most

respected magazines and newspapers (including Addis Zemen and The Ethiopian Herald) he also worked as a civil servant in Ethiopia's Ministry of Information. This position allowed him access to government officials during both the Imperial and Communist governments. Prior to Oromay, he wrote five other popular and critically-acclaimed Amharic-language novels: Beyond the Horizon, The Bell of Conscience, The Call of the Red Star, Haddis, and The Author. His integrity as a journalist, courageous criticism of repressive regimes, and martyrdom to the cause of literary freedom make him a significant figure in modern Ethiopian

history and Amharic literature.

This book designed to give knowledge is written about Ethiopia, a nation with long time history known as a country of script and museum of history. For many intellectuals history of Ethiopia has become relevant to / cliché' or unique in African history. Materials covered in this book include transference of Ethiopian heritage to young generation, Sheba's and Ark's history, Amharic language and alphabet, information for tourists, and prayer for Ethio-econo-socio-political development. Since faith has power, life for a Christian is easy because God says in Luke 11:9-10: "Ask and it shall be given to you." In the same

token if Ethiopians pray according to John 15:16 and John 16:23-24 in the name of Jesus, to believe in the Cross and to unify the country nothing will prevent to transform their lives and to get answer for their prayer. I, Molla born and raised in Ethiopia/Wollo/ Woldia having a Bachelor's degree in history like to make research in my spare time. Whenever; I write I produce original works. I have submitted my writings in 1990, 1991 and 1994 to Institute of Ethiopian Studies, major research institute of Ethiopia. In those days my writings were about mighty conquerors. After I came to America I accepted Jesus as my personal Savior in 1995. Ever since I

accepted Jesus, hungry for the Word of God, I jump for the glory of the Lord whenever; worship starts. As a result miracles in my life continue to flow. Now I am a nurse. Before six years prophesy came to me through Pastor Seifu Kebede (Divine Mission Ministry) that I would be author of books. These days I start to write books to show the greatness of God and the weakness of man.

Alabama State University is well known as a historically black university and for the involvement of its faculty and students in the civil rights movement. Less attention has been paid to the school's

remarkable origins, having begun as the Lincoln Normal School in Marion, Alabama, founded by nine former slaves. These men are rightly considered the progenitors of Alabama State University, as they had the drive and perseverance to face the challenges posed by a racial and political culture bent on preventing the establishment of black schools and universities. It is thanks to the actions of the Marion Nine that Alabama's rural Black Belt produces a disproportionate number of African American Ph.D. recipients, a testament to the vision of the Lincoln Normal School's founders. From Marion to Montgomery is the story of the Lincoln

Normal School's transformation into the legendary Alabama State University, including the school's move to Montgomery in 1887 and evolution from Normal School to junior college to full-fledged four-year university. It's a story of visionary leadership, endless tenacity, and a true belief in the value of education.

Haile Selassie I, the

last emperor of Ethiopia, was as brilliant as he was formidable. An early proponent of African unity and independence who claimed to be a descendant of King Solomon, he fought with the Allies against the Axis powers during World War II and was a messianic figure for the Jamaican Rastafarians. But the final years of his empire saw turmoil and revolution, and he was ultimately overthrown and assassinated in a communist coup. Written by Asfa-Wossen Asserate, Haile Selassie's grandnephew, this is the first major biography of this final "king of kings." Asserate, who spent his childhood and adolescence in Ethiopia

before fleeing the revolution of 1974, knew Selassie personally and gained intimate insights into life at the imperial court. Introducing him as a reformer and an autocrat whose personal history—with all of its upheavals, promises, and

horrors—reflects in many ways the history of the twentieth century itself, Asserate uses his own experiences and painstaking research in family and public archives to achieve a colorful and even-handed portrait of the emperor.
