My Nine Lives is a powerful and stirring memoir of one of the greatest pianists of the postwar era—an inspiring tale of courage, compassion, and triumph over outstanding odds. At the peak of his career, celebrated pianist Leon Fleisher suddenly lost the use of two fingers on his right hand. Miraculously, at the age of sixty-six, he was diagnosed with focal dystonia, and learned to manage it through a combination of physical therapy and experimental Botox injections. In 2003 Fleisher returned to Carnegie Hall to give his first two-handed performance in over three decades and brought down the house. With his coauthor, celebrated music critic Anne Midgette, Fleisher reveals here for the first time the depression that threatened to engulf him as his condition worsened, and the sheer love of music that rescued him from complete self-destruction.

Charlotte Taylor lived in the front row of history. In 1775, at the young age of twenty, she fled her English country house and boarded a ship to Jamaica with her lover, the family's black butler. Soon after reaching shore, Charlotte's lover died of yellow fever, leaving her alone and pregnant in Jamaica. In the sixty-six years that followed, she would find refuge with the Mi'kmaq of what is

present-day New Brunswick, have three husbands, nine more children and a lifelong relationship with an aboriginal man. Using a seamless blend of fact and fiction, Charlotte Taylor's great-great-great-granddaughter, Sally Armstrong, reclaims the life of a dauntless and unusual woman and delivers living history with all the drama and sweep of a novel. Excerpt from from The Nine Lives of Charlotte Taylor: "Every summer of my youth, we would travel from the family cottage at Youghall Beach to visit my mother's extended clan in Tabusintac near the Miramichi River. And at every gathering, just as much as there would be chickens to chase and newly cut hay to leap in, so there would be an ample serving of stories about Charlotte Taylor. . . She was a woman with a "past." The potboilers about her ran like serials from summer to summer, at weddings and funerals and whenever the clan came together. She wasn't exactly presented as a gentlewoman, although it was said that she came from an aristocratic family in England. Nor was there much that seemed genteel about the person they always referred to as "old Charlotte." Words like "lover" and "land grabber" drifted down from the supper table to where we kids sat on the floor. There were whoops of laughter at her indiscretions, followed by sideways glances at us. But for all the stories passed around, it was clear the family still had a powerful respect for a woman long dead. We owed our very existence to her, and the anecdotes the older generation told suggested that their own fortitude and guile were family traits passed down from the ancestral matriarch. For as long as I can remember, I've tried to imagine the real life Charlotte Taylor lived and, more, how she ever survived."

NATIONAL BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SUSPENSE MAGAZINE Rita Mae Brown and her feline co-author Sneaky Pie Brown return with a mystery starring Mary Minor "Harry" Haristeen, intrepid kitty sleuths Mrs. Murphy and Pewter, and Tee Tucker, the ever-faithful crime-solving corgi. This time around, Harry and her animal friends track a killer whose trail has gone as cold as the weather in December. NINE LIVES TO DIE Winter has come to Crozet, Virginia, bringing with it a fresh blanket of snow. Harry and her husband, Fair, are hip deep in their usual end-of-the-year activities: distributing food to needy residents, and shopping for outfits for the Silver Linings youth organization's annual fundraising gala. But buried beneath the white stuff are dark secrets from Crozet's past—and Harry and her posse of pet detectives are determined to sniff them out. Two Silver Linings mentors have been found dead in suspicious circumstances. If that weren't enough to chill the bones of the locals, a pair of severed human fingers has turned up in a pencil jar in the bookkeeper's office at St. Cyril's church. What does this grisly display have to do with the mysterious disappearance of Harry's voluptuous high school Latin teacher, a quarter of a century ago? Maybe nothing. But when the animals make another gruesome discovery in the woods behind Harry's farm, it becomes clear that terrible crimes have been committed in Crozet—and somebody's gone to great lengths to cover them up. It's time to stop shoveling snow and start digging for clues. The truth will be revealed. A cold case will be solved. And a twenty-five-year-old love triangle is about to get untangled. The weather outside may

be frightful, but Harry and her four-legged friends refuse to be spooked off the case. Praise for *Nine Lives to Die* "Witty and entertaining . . . a recipe for continued success and an engaging read."—Richmond Times-Dispatch "The unabashed loves of [Rita Mae Brown's] life . . . are infectious. Perhaps because they are so clearly heartfelt, it's easy to be swept up in the glory of her passions."—New York Journal of Books "Murder and mayhem are the order of the day in bestseller [Rita Mae] Brown's well-plotted twenty-second Mrs. Murphy mystery. . . . Brown's idyllic world, with its Christian values, talking animals, and sympathetic middle-aged pet owners, has understandably struck a chord with many readers."—Publishers Weekly "Rita Mae Brown, along with . . . Sneaky Pie, have made Harry Harristeen and her feline companion, Mrs. Murphy, household names."—Library Journal Praise for the Mrs. Murphy mysteries "As feline collaborators go, you couldn't ask for better than Sneaky Pie Brown."—The New York Times Book Review

Four hundred years ago, every barrister had to dance because dancing put them in harmony with the universe. John Ogilby's first job, in 1612, was to teach them. By the 1670s, he was Charles II's Royal Cosmographer, creating beautiful measured drawings that placed roads on maps for the first time. During the intervening years, Ogilby had travelled through fire and plague, war and shipwreck; had been an impresario in Dublin, a poet in London, a soldier and sea captain, as well as a secret agent, publisher and scientific geographer. The world of his youth had been blown up and turned upside down. Beset by danger, he carefully concealed his biography in codes and cyphers, which meant that the truth about his life has remained unknown... until today. In this enlightening book, Alan Ereira brings a fascinating hidden history to light, and reveals that Ogilby's celebrated Britannia is far more than a harmless road atlas: it is, rather, filled with secrets designed to serve a conspiracy of kings and England's undoing. *The Nine Lives of John Ogilby* is the story of a remarkable man, and of a covert journey which gave birth to the modern world.

NEW YORK TIMES BESTSELLER • A woman who longs to avoid risk at all cost learns that men who love danger are the most exciting in this moving novel from New York Times bestselling author Danielle Steel. After a carefree childhood, Mary Margaret Kelly

came of age in the shadow of grief. Her father, a dashing daredevil Air Force pilot, died when she was nine. Maggie saw her mother struggle to put their lives back together. As the family moved from one city to the next, her mother warned her to beware of daredevil men and avoid risk at all cost. Following her mother's advice, and forgoing the magic of first love with a high school boyfriend who was too wild to feel safe, Maggie instead sought out all the things her mother had lost—a predictable partner, a stable home, and a regular paycheck. She chose to marry a dependable, kind man who was a reliable husband and successful accountant. Together they had a son and found happiness in a conventional suburban life. Until tragedy struck again. Now on her own, feeling a sense of adventure for the first time, Maggie decides to face her fears, setting off on a whirlwind trip from San Francisco to Rome, Paris, and Monaco. But when her travels reconnect her with the very same irresistible, thrill-seeking man she's spent thirty years trying to forget, Maggie becomes terrified that rushing into love and sharing his life may very well end in disaster. But ultimately, while Maggie tries to outrun her fears and painful memories of her past, fate will surprise her in the most astounding of ways, as she walks the tightrope between danger and courage, and between wisdom and love.

In this warm and witty series debut from New York Times bestseller Wendy Corsi Staub, a widowed young mom plans a fresh start in Chicago—but instead finds her way to a quirky lakeside village that just happens to be populated by mediums. When reluctant road trippers Bella Jordan and her son Max detour to Lily Dale, New York, they're planning to deliver a lost cat to its home and then move on, searching for one of their own. But the footloose feline's owner Leona Gatto has unexpectedly passed

away, leaving behind a pregnant pet without a mistress, a busy inn without a keeper—and a lovable circle of neighbors who chat with dead people. After agreeing to help out temporarily, sensible Bella doesn't need psychic gifts to figure out that a houseful of tourists and a litter of kittens lie in her immediate future—or that Leona was murdered. It's up to her to solve the case so that she and Max can leave town, but their new home—like Leona's killer—might just lurk where she least expects it.

Garfield lives his life to the fullest . . . 9 times! Cave Cat -- the first cat crawled out of the sea 10 million years ago. He was happy to be out of the water -- until he met Big Bob! The Vikings -- he was big, he was mean, he was a Viking. Garfield the Orange had looted a lot of cities, but none like St. Paul, Minnesota. Babes and Bullets -- Sam Spayed wasn't the best private investigator in the world, but he did have one terrific thing going for him -- a secretary who made a great cup of coffee. The Exterminators -- no mouse was safe from the exterminators. Catching mice was their life. It wasn't a pretty job -- especially the way they did it. Lab Animal -- specimen 19-GB was not happy at the prospect of being dissected, so he did something about it. What happened set the federal government on its ear. The Garden -- life was a carefree romp among hovering harmonicas for Cloey and the orange kitten . . . until they confronted the crystal box. Primal Self -- he was an ordinary house cat leading an ordinary existence. A shadowy memory from another time changed all that. Garfield -- the marvelous cat we all know and love. This is his life in a nutshell. Space Cat -- he was lost in space with a computer built by the lowest bidder. And, he was not about to let his life slip away that easily.

Two people are about to discover that when it comes to finding love, sometimes Christmas magic isn't enough...sometimes it takes a pesky orange cat named Ambrose. When a guy is in trouble, he starts making deals with his Creator...and Ambrose the cat is no exception. In danger of losing his ninth and final life, Ambrose makes a desperate plea to the universe. He'll do anything—anything!—if he can just survive and enjoy a nice long, final life. His prayer is answered when a stranger comes along and saves him—and now it looks like he has to hold up his end of the bargain. The stranger turns out to be a firefighter named Zach, who's in need of some serious romantic help. If Ambrose can just bring Zach together with Merilee, the nice lady who works at Pet Palace, it's bound to earn him a healthy ninth life. Unfortunately for Ambrose, his mission is a lot harder than he ever thought. Merrilee is way too shy to make the first move on a ladies man like Zach, and Zach thinks he's all wrong for a nice girl like Merrilee. Now it's going to take all of Ambrose's feline

wiles—and maybe even a good old fashioned Christmas miracle—to make them both realize that what they're looking for is right in front of their eyes.

Nine Lives by Paul Varjak by Dave Dumanis HarperCollins

The true story of a jihadi convert seeking redemption in “a rollicking read and a rare insider’s account of Western spying in the age of al Qaeda” (The New York Times Book Review). Standing over six feet tall with flaming red hair, Morten Storm was an unlikely jihadi. But after a troubled youth in his native Denmark, Storm found peace and purpose in his conversion to Islam. His absolute devotion only grew after he attended a militant madrasa in Yemen, named his son Osama, and became close friends with American-born terrorist cleric Anwar al-Awlaki. Then, after a decade of jihadi life, he not only rejected extremism—he began a quest for atonement, becoming a double agent for the CIA as well as British and Danish intelligence agencies. Agent Storm takes readers inside the fanatical jihadist mindset and into the shadows of the world’s most powerful spy agencies in an action-packed account that “reads like a screenplay for a James Bond movie written by Joel and Ethan Coen” (The Washington Post).

A deeply moving novel about a woman who thought she never wanted to be a mother—and the many ways that life can surprise us “An ode to possibility” — The Washington Post Rose Napolitano is fighting with her husband, Luke, about prenatal vitamins. She promised she'd take them, but didn't. He promised before they got married that he'd never want children, but now he's changed his mind. Their marriage has come to rest on this one question: Can Rose find it in herself to become a mother? Rose is a successful professor and academic. She's never wanted to have a child. The fight ends, and with it their marriage. But then, Rose has a fight with Luke about the vitamins--again. This time the fight goes slightly differently, and so does Rose's future as she grapples with whether she can indeed give up the one thing she thought she knew about herself. Can she reimagine her life in a completely new way? That reimagining plays out again and again in each of Rose's nine lives, just as it does for each of us as we grow into adulthood. What are the consequences of our biggest choices? How would life change if we let go of our preconceived ideas of ourselves and became someone completely new? Rose Napolitano's experience of choosing and then choosing again shows us in an utterly compelling way what it means, literally, to reinvent a life and, sometimes, become a different kind of woman than we ever imagined. A stunning novel about love, loss, betrayal, divorce, death, a woman's career and her identity, *The Nine Lives of Rose Napolitano* is about finding one's way into a future that wasn't the future one planned, and the ways that fate intercedes when we least expect it.

“Gripping and true in all ways. This fine, affecting memoir will stay with me for a very long time.”—Meg Wolitzer, author of *The Female Persuasion* “In this vividly written memoir novelist O’Hara shares a painful but ultimately beautiful account of her daughter Caitlin’s life with cystic fibrosis. . . . Her compelling story will resonate with anyone seeking a light in the darkest depths of grief.”—Library Journal In the vein of *The Year of Magical Thinking* and *Beautiful Boy*, an emotionally raw and inspiring memoir that illuminates a mother’s grief over the loss of her adult child and considers the hope of soulful connections that transcend the boundary of life and death. When their only child was diagnosed with cystic fibrosis (CF) at the age of two, Maryanne O’Hara and her husband were told that Caitlin could live a long life or be dead

in a matter of months. Thirty-one years later, Caitlin lost her battle with this devastating disease following an excruciating two-year wait on the transplant list and a last-minute race to locate a pair of healthy lungs. The sudden spiral of events left Maryanne in an existential crisis, searching to find an answer to the eternal question: Why we are here? During her final years, Caitlin had become a source of wisdom and comfort for her mother—the partner with whom she shared a deep spiritual quest to understand what it meant to have a soul. After Caitlin’s passing, Maryanne began to notice signs—poignant, persistent synchronicities that seemed to lean toward proof of Caitlin’s enduring presence. Weaving together a series of interconnected meditations with illuminating glimpses of life rendered via text messages, e-mails, and journal entries, *Little Matches* is a profound reflection on life and death, motherhood, the pain of

chronic uncertainty, and finding inspiration in the unexpected sparks that light our way through the darkness.

The Nine Lives of Aristotle Penguin

Winner of the 2021 Overseas Press Club of America Cornelius Ryan Award The former New York Times Pakistan bureau chief paints an arresting, up-close portrait of a fractured country. Declan Walsh is one of the New York Times’s most distinguished international correspondents. His electrifying portrait of Pakistan over a tumultuous decade captures the sweep of this strange, wondrous, and benighted country through the dramatic lives of nine fascinating individuals. On assignment as the country careened between crises, Walsh traveled from the raucous port of

Karachi to the salons of Lahore, and from Baluchistan to the mountains of Waziristan. He met a diverse cast of extraordinary Pakistanis—a chieftain readying for war at his desert fort, a retired spy skulking through the borderlands, and a crusading lawyer risking death for her beliefs, among others. Through these “nine lives” he describes a country on the brink—a place of creeping extremism and political chaos, but also personal bravery and dogged idealism that defy easy stereotypes. Unbeknownst to Walsh, however, an intelligence agent was tracking him. Written in the aftermath of Walsh’s abrupt deportation, *The Nine Lives of Pakistan* concludes with an astonishing encounter with that agent, and his revelations about Pakistan’s powerful security state. Intimate and complex, attuned to the centrifugal forces of history, identity, and faith, *The Nine Lives of Pakistan* offers an unflinching account of life in a precarious, vital country.
