Current processes of globalization are challenging Human Rights and the attempts to institutionalize them in many ways. The question of the connection between religion and human rights is a crucial point here. The genealogy of the Human Rights is still a point of controversies in the academic discussion. Nevertheless, there is consensus that the Christian tradition – especially the doctrine that each human being is an image of God – played an important role within the emergence of the codification of the Human Rights in the period of enlightenment. It is also obvious that the struggle against the politics of apartheid in South Africa was strongly supported by initiatives of churchy and other religious groups referring to the Human Rights. Christian churches and other religious groups do still play an important role in the post-apartheid South Africa. They have a public voice concerning all the challenges with which the multiethnic and economically still deeply divided South African society is faced with. The reflections on these questions in the collected lectures and essays of this volume derive from an academic discourse between German and South African scholars that took place within the German-South African Year of Science 2012/13.

Join Monkey D. Luffy and his swashbuckling crew in their search for the ultimate treasure, One Piece! As a child, Monkey D. Luffy dreamed of becoming King of the Pirates. But his life changed when he accidentally gained the power to stretch like rubber...at the cost of never being able to swim again! Years, later, Luffy sets off in search of the "One Piece," said to be the greatest treasure in the world... All-out war has broken out between the Whitebeard Pirates and the Navy. Whitebeard's crew is said to be the most powerful in the New World, but they'll have their hands full against the Navy Admirals and the remaining Warlords of the Sea. Meanwhile, can Luffy reach Navy headquarters in time to save his brother Ace?

• A New York Times Book Review Editors' Choice • The third volume of Simon Callow's acclaimed Orson Welles biography, covering the period of his exile from America (1947-1964), when he produced some of his greatest works, including Touch of Evil In One-Man Band, the third volume in his epic and all-inclusive four-volume survey of Orson Welles's life and work, the celebrated British actor Simon Callow again probes in comprehensive and penetrating detail into one of the most complex, contradictory artists of the twentieth century, whose glorious triumphs (and occasional spectacular failures) in film, radio, theater, and television introduced a radical and original

approach that opened up new directions in the arts. This volume begins with Welles's self-exile from America, and his realization that he could function only to his own satisfaction as an independent film maker, a one-man band, in fact, which committed him to a perpetual cycle of money raising. By 1964, he had filmed Othello, which took three years to complete; Mr. Arkadin, the most puzzling film in his output; and a masterpiece in another genre, Touch of Evil, which marked his one return to Hollywood, and like all too many of his films was wrested from his grasp and reedited. Along the way he made inroads into the fledgling medium of television and a number of stage plays, of which his 1955 London Moby-Dick is considered by theater historians to be one of the seminal productions of the century. His private life was as spectacularly complex and dramatic as his professional life. The book reveals what it was like to be around Welles, and, with an intricacy and precision rarely attempted before, what it was like to be him, answering the riddle that has long fascinated film scholars and lovers alike: Whatever happened to Orson Welles?
