MOORE SOFIA

We the Children
Simon and Schuster
The second book in this
riveting and

mysterious six-book
series is as action-
packed as the first one,
culminating in a faceoff
between Ben, Jill, and
Lyman. "After five bells
sound, time to sit
down" makes for a
good riddle, but Ben

and Jill also knows when it's time to stand up...for Oakes School and for themselves. Time is ticking as the countdown to Ben Pratt's school's total demolition continues. Ben has been given a handful of clues that could help them save the school, but they are all written in maritime riddles. "After five bells sound, time to sit down." What the heck does that mean? It's hard to know where to begin when Ben and Jill don't even know what they are looking for. All Lyman, the snake posing as the school janitor, needs to know, though, is that they are looking, and that could mean the end of the 30-million-dollar development deal that pays his salary. (Which, by the way, is MUCH larger

than what a typical janitor makes.) As Lyman lurks in the shadows—and sometimes not in the shadows—Ben and Jill have to add another to-do to their list of things to accomplish in the next twenty-one days: (1) Figure out the clues left by past Keepers of the School groups, (2) figure out how these clues will help them save the school, and (3) stay one step ahead of Lyman. That's the mission...which seems, at times, impossible.

other. When her story *The Lottery* was first published in *The New Yorker* in 1948, readers were so horrified they sent her hate mail. It became known as one of the greatest short stories ever written. Have you read her yet? 'Shirley Jackson's stories are among the most terrifying ever written' Donna Tartt 'An amazing writer ... if you haven't read any of her short stories ... you have missed out on something marvellous' Neil Gaiman 'Her stories are stunning, timeless - as relevant and terrifying now as when they were first published ... 'The Lottery' is so much an icon in the history of the American short story that one could argue it has moved from the canon of American twentieth-

century fiction directly into the American psyche, our collective unconscious' A. M. Homes Shirley Jackson was born in California in 1916. When her short story The Lottery was first published in The New Yorker in 1948, readers were so horrified they sent her hate mail; it has since become one of the greatest American stories of all time. Her first novel, The Road Through the Wall, was published in the same year and was followed by five more: Hangsaman, The Bird's Nest, The Sundial, The Haunting of Hill House and We Have Always Lived in the Castle, widely seen as her masterpiece. Shirley Jackson died in her sleep at the age of 48. In Harm's Way Simon and Schuster

Mrs. Snavin looked right past all those waving hands. She looked right at me and she smiled and said, "I think I'll have Jake take it." Then Mrs. Snavin said, "but be sure to hurry right back, Jake, because we're going to work on our number-line project, and you have to be my special computer helper, okay?" And I could feel every kid in the class looking at me. They weren't saying anything. They weren't even whispering. But right then, I heard what they were thinking anyway.
